

## CONSUMER PRODUCT SAFETY WARNING

### WHAT IS NANOTECHNOLOGY:

Nanotechnology is cannabis applied science that has increased the benefit, and improved the experience for the consumer dosing cannabis products.

Cannabis or cannabinoids, whatever you would like to refer to them as, the science behind it revolves around cannabinoid compounds that are NANO-Blasted in (TINY) **THC particles that are so microscopic they can pass right through the digestive system, and other tissues, and go directly to the bloodstream**, THUS allowing the consumer to receiver a more ROBUST dose of the product, increasing the response for the consumer.

## **CONSUMER PRODUCT SAFETY WARNING**

THIS IS A POWERFUL PRODUCT. IT IS NOT SAFE TO CONSUME AND DRIVE A MOTOR VEHICLE, OR OPERATE HEAVY EQUIPMENT.
