

Jewelry Care and Instructions:

Thank you so much for supporting Northern Willow Beaded Boutique. Here are some simple care instructions for your handcrafted jewelry piece to maintain it and ensure its long life. Firstly, keep jewelry stored in a cool and dry place, avoid leaving it in moisture or direct sunlight. Put all pieces of jewelry on after applying lotions, hairspray and perfumes. Remove all jewelry before showering, swimming or exercising. After wearing jewelry, gently wipe the piece with provided cleansing cloth to remove excess oils or residue left on the piece. Also, avoid sleeping in jewelry because it can cause unnecessary wear, bending or chain breakage.

Following these simple care steps helps preserve the beauty and lifespan of your handcrafted piece- and by caring for it mindfully you are supporting my small business and the time, love and craftsmanship that goes into every design. Thank you for supporting Northern Willow Beaded Boutique.
