## **Say Goodbye To Endless Job Searches**

### **The Resume Fix**

### **How To Get Inside Any Organization**

### **How To Turn An Interview In Your Favor**

### **The Most Important Checklist**

You will also be getting additional resources and “**news you can use**” that will help you find your best new job and get hired fast before someone else gets the job you want and need.

The best part of our “**NO PRESSURE, NO SELLING, NO CONVINCING**” **ADVANCED SYSTEMS** is that it doesn't require you to submit endless resumes online or “sell” yourself.

Because you can “**forget the usual hiring methods**” and say ‘**goodbye**’ to **endless job searches** that often don't get you the results you want and need.

Our **ADVANCED SYSTEMS** teach you how to get “**inside**” the organization you want to work for, in front of the “right” hiring people, even if you're a complete unknown

Because if you don't know this important “**hiring advantage**”, you may be like most other candidates, on the outside looking in with noses pressed up against the windowpane trying to get in. .

Our **ADVANCED SYSTEMS** teaches you how to use a subtle change to your resume and an “**irresistible combination offer**” in your cover letter that most employers find hard to resist.

Because this subtle change and “**irresistible combination offer**” differentiates you from most all of the other applicants applying for the same position

In our **Private Facebook Coaching Group** and **New Advanced Teaching Book**, you'll learn the absolute fastest way to turn an interview around in your favor.

You'll learn when it is perfectly “OK” to not talk too much in an interview.

You'll learn the absolute faster way to turn an interview around in your favor.

You'll learn the questions to ask and how to interview your interviewer and have them love it.

Why is this important? Because most people like to talk about themselves and it gives you insight into your interviewer's mindset about themselves, how they manage, the work environment, and more about your potential employer.

After being hired by **6 Fortune 500** organizations during his "corporate" career, Ronnie knows well that using this powerful "**flipping the interview**" tactic was priceless.

He'll tell you exactly what to say, how to handle objections, not only the key questions to ask, but the most important question you should always ask.

You'll learn that this most important question you should ask an interviewer is to find out what exactly what they are thinking so you're able to match your attributes, character, and skillsets to their description.

Because if you don't ask this most important question you may never get their description of who they are thinking about hiring and be able to match their description with your attributes.

You might walk away from your interview with no clue about what they were thinking.

You'll also learn the only "**perfect answer**" to the "**knockout question**" most interviewers ask.

This "knockout" question is not about your strengths, it's about your weaknesses.

Many candidates haven't thought to prepare their answer to this so they tend to say things that may shed a discerning light on themselves without even knowing it.

Because most employers don't necessarily want you to bring your "**so-called weaknesses**" into their environment to manage.

And because if you say anything else when answering this "knockout" question you could open yourself up to unnecessary criticism you don't want and any other answer to this question could send you to the end of the hiring line.

You'll also get a copy of our **MOST IMPORTANT CHECKLIST** because if you don't handle and check on all the small details, it could cost you "big time."

Because even one slightly overlooked detail in your social media postings, background check information, credit report, etc. could cost you a job opportunity without you even knowing why your potential employer stopped communicating.

You're right, that is a lot of secret, tips, tactics, teachings, and **ADVANCED SYSTEMS**.

All this and much, much more.

What are all the secrets, tips, tactics, teachings, and **ADVANCED SYSTEMS** you will learn from the **HOW TO GET HIRED FAST Facebook Coaching Group and Advanced New Teaching Book**, that you can't get anywhere else, worth?

They're priceless considering their value to you over your career and your lifetime.

**About Ronnie Schmidt, how the *HOW TO GET HIRED FAST* Book and coaching began?**

Ronnie was undecided about going to college. His Dad gave him this advice, get an education. Unfortunately, that was all the advice his Dad gave him.

By his senior year at **Penn State University**, with no mentoring from anyone, not even school advisors, his dream of going to law school was not going to happen.

Graduating in 1971, the job market looked bleak. He didn't know what to do.

He was hired as a Sales Representative for **Fram Corporation**, which turned into the beginning of a long, successful career in sales and marketing, having been hired by 6 **Fortune 500** companies including **Fram, Boise-Cascade, Honeywell, Amstar – Domino Sugar, Cooper Vision**, and **Bausch & Lomb** along the way.

In 2007 he founded the **Marketing Consultants Group LLC**.

He is sharing his secrets, tips, tactics, teachings, **ADVANCED SYSTEMS** to all he can help.
