

Clean Walks at Pharr Road Post Office

We had a Clean Walks event at post office at Pharr Road on 11/13. Pharr Road post office is heavily used by neighborhoods but needs help badly. I always Clean Walks there myself. Within one hour, I can have 30 gallons of trash. They also have a jungle area full of cans, bottles at right side of post office that nobody wants to touch. On 11/13 9:00am, we had 10 beautiful-hearted Clean Walkers volunteers showed up. They are from 28 years old to 82 years old. We cleaned the jungle within one hour, and collected 12 full bags of cans & bottles.

Our efforts was impactful. I posted our event/activities at Nextdoor App and all neighborhoods are happy about it. We got a lots of great feedback. All volunteers involved in Clean Walks felt good about it too! We made an impact, made friends and had fun. We want to share our experience to more people and hope more citizens can join Clean Walks.

Our goal is not pick up trash, our goal is to bring awareness of the environment and show kindness to our neighbors.
