So this needs a metro and a new jail to happen? So \$10-15b in infrastructure from the tax payer. So around a million per dwelling. You're dreaming Harry.

It's about time you were put out to pasture! Sydney has become a slum because of the likes of you. You've made your money, now go away.

Note to Harry & Gladys - we don't have enough water!! Sticking another city in the East involves WATER to build the centre & WATER to be connected to another 15,000 people!! ANZAC Parade is one road in and out to Little Bay Area- good luck driving on that road!! Money grab again for developers

Save Little Bay

Plans from yesterdayland, pushed by a man unable to realise that the times when he could just bulldozer his way into a community are over. Nothing about this plan is visionary. It's old school, arrogant and delusional. And so many grossly misleading and false statements in this article. All debunked on our Save Little Bay page over the last couple of weeks. Whole community in opposition, 7,000 petitions against this signed. Uniquely unsuitable for the area and no merit in the Meriton proposal.

Why not

Good quality for what they charge depending on which area
