The NSW Liberals are ignoring our local communities and letting big developers like Meriton try and get away with overdevelopment in Little Bay. It's wrong and it needs to change. We need to Save Little Bay.

They never give up! Just keep buildings high density and minimal open recreational space at ground level if any. Just tree lined streets for cars etc. Just look at Eastgardens Meriton complex. MASSIVE blot on the landscape not relating to any buildings around.

Get rid of Albo so Labor have a chance of winning , put in Jim Chalmers before its too late. Labor lost the last election because of Shorten - even his mirror hates him.

It does need to stop. The infrastructure from LaPa to Malabar is already struggling. Just another example of a money grabbing government 🗑️

Thank you Matt, appreciate your help. Similar case although not so gigantic ... is 11 Jennifer street little bay. This da was rejected by council, but approved by land enviro court last year only to have the developers then submit a new da for over double the dwellings and cars from 45 dwelling to 101. This developer greed just has to stop! Our suburb can not cope as it is!

Government goes behind councils back and supports big developers like Meriton on hideous projects on the basis of more jobs. There is no thought for the transport infrastructure so they then look at a quick fix and put trams in. Trams that ran over time and budget with an overseas company. Seriously who is accountable? 👉👉

Michael Goman I know Ive driven past the old brick pits. Back in my magpie stallwart days I used to attend shire council meetings to protest against councilor Tynan and his mega plans icluding 20 story buildings old workers club dite etc that would put huge shadows across the beach.

Bob Crispin, back handers win every time. All streets congested and nowhere to park.

Michael Goman Meriton have our state government in the back pocket. Doesn't matter a stuff what the people or council want the state LNP Gov. just overrules. Next door to Eastgardens Meritan put up one complex of 3000 apartments and now another 1700. (The old tobacco site). One block with more than the population of Mudgee. Loving the traffic !!! The land of the long white cloud looking very good....
