

About Us

We are a family owned and operated business. We started on Wadmalaw Island Farming in 1976. The Stono Market was opened in 1987 as an open air farmer's market. The addition of the Tomato Shed Café came to fruition in 1991. Our family has a shrimp trawler too. Our boat docks at our home in Rockville and during the season it delivers preservative free shrimp almost daily. Stono Market, Tomato Shed Café and Ambrose Family Farm are dedicated to providing customers the freshest and the best food possible. We will exceed your expectations with our exceptional customer service.

**We're farmers,
shrimpers and
darn good cooks!**
