Homely Meals at GUI

GUI'S STORY

Minimalist cafe born out of passion to serve aesthetic & homely Korean-Japanese meals

ALL ABOUT GUI

GUI's vision of aesthetic and good food are all in a café. It brings a fresh concept to the café scene in Singapore by serving Korean-Japanese dishes instead of the usual Western fare. The founder's passion for cooking and preparing aesthetic meals at home have turned it into GUI café.

The first café in Singapore to bring Dosirak Rice Bowl served in traditional lunchbox. It comes with Korean spam, a sunny side up, stir fried kimchi pork and seaweed. Keeping with tradition, it is served in a traditional rectangular lunchbox where you are supposed to give it a good shake to mix the ingredients up.

Upon graduation from Simon Fraser University, the founder of GUI brought her cat back from Vancouver, Canada to Singapore. This Korean-Japanese Cafe named GUI after the owner's precious cat (GUIGUI) passed away in June 2022. In her memory, the cafe is decorated with cat memorabilia along its all-white furnishing & cat decorations at the first outlet in Novena.

Welcoming our new outlet here in South Bridge with Korean Hanok inspired ambience. A slightly different menu from her first Novena outlet, this second outlet has more korean items.
