November 2025 Newsletter

President's Corner

Most of our snowbirds have returned, welcome back, we missed you! At this meeting we will be talking about our format for monthly fishing outings and if we should continue to have them the same as before. We have noticed a shortage of boat captains volunteering for the outings and so we want to find out from you, our valued members, what type of outings we can organize that will resonate best with you if boats are no longer the main option.

I am often asked what SIFC's mission is and so let me provide it here: SIFC's mission is to provide fishing education, conservation support and a bond between members and the community. Please note that our annual club membership fee of \$75 per individual/family should be paid at this meeting. The fees are vital to help us support local conservation and education programs, to benefit local charities and to bring talented speakers for you all to enjoy. (sifcpresident6@gmail.com) Best Frances

NEXT MEETING

WHEN: Tuesday November 11, 2025
WHERE: Sanibel Community House
TIME: 5:30pm Pizza & refreshments
 6:00pm Speaker & Meeting

This meeting's featured speaker is offshore Captain Nick of "Most Excellent Fishing" Charters. Captain Nick Weyers, prior to guiding locally for the past four years, has fished everywhere from Alaska to the Caribbean. Primarily focused on offshore species, Captain Nick and his clients have landed a host of offshore species, including American red snapper (which he specializes in), African pompano, red and gag grouper, mangrove snapper, and even an occasional wahoo. He will share his angling experiences, as well as his favorite baits and tackle, with the fishing club <https://mostexcellenfishing.com>
