A message to the residents of St. Maries,

Since the reinstatement of our agency in May of 2021, I have managed to grow as I work alongside other members of the department, Mayor, City Council, and associated city departments and staff. Since May 17th of 2021, I have had the pleasure and honor of serving as the Chief of Police for our community. This department cannot survive without the continued support of its members in the community and members of the elected positions in the city. I look forward to growing with each and every person who enters into our beloved city. I encourage all to greet and meet our department members as we continue to grow and learn alongside our community.

Regards,

Scott C. Castles

Chief of Police
City of St. Maries
