You get the choice of a health plan and a network!

[Choose from four different health plan options.](#)

- If you are enrolled in a Partnership PPO plan you **will be automatically moved** to the Premier PPO, unless you make a change.
- The Premier PPO has the highest premiums, but you'll pay less in copays at the doctor's office and pharmacy than the other PPOs.
- Wellness activities are no longer tied to any health plan.
