To Whom It May Concern:

I highly recommend Gordon Morriss for a position in your organization. As principal of Robert T. Hill Middle School, I have had the pleasure of working with Gordon for the past six years. I have personally witnessed his professionalism and profound passion for educating and motivating others. He is a multi-facet gem as he is a gifted teacher, mentor and athletic coach.

Gordon has always been driven to develop his skills as a teacher. He continues to demonstrate this drive through his tenure at our school, even becoming our Math Lead Content Teacher this school year. He is well-versed in math content knowledge and his grade level trust his judgement for ideas and resources. Gordon embraces any opportunity for professional development, which makes him an ideal leader.

He is a force of positive energy and growth mindset. His willingness to go above and beyond his call of duty is noticed as he is always willing to fill a need. Last year, he approached me with the desire to work with new teachers. This school year, he led monthly meetings and periodically check in with the teachers to ensure they were supported. He also has served as the teacher on the Site Based Decision Making Team (SBDM) for the past two years. He is a genuine team player and always has the best interest of his students and the school.

I highly recommend Gordon Morriss to you without reservation and believe that he would be an asset to your organization. Please do not hesitate to contact me should you require any further information about this recommendation or my endorsement.

Sincerely,

Candice Ruiz
