

## Competency 009:

-The entry-level principal knows how to collaboratively determine goals and implement strategies aligned with the school vision that support teacher effectiveness and positive student outcomes.

---

-I've have been the lead on our 6<sup>th</sup> grade orientation for multiple years. This is an opportunity in the summer for the 6<sup>th</sup> grade students who are new to our campus come in and learn about their new school. During this, I've led other campus teachers in putting on the program.

---

-I have worked as a grade level lead for 5 years. As the grade level lead I make sure that my grade is working collaboratively to best reach our students. This collaboration is key in finding what works best for each student, and how they might work better with one teacher than another. Sharing this information amongst your staff goes a long way in creating a more harmonious atmosphere for your students.
