Encon Safety Products meet the following standard:

Certified to ANSI Z358.1-2014

Encon Safety Products line of Laboratory and Barrier Free safety equipment is built to the same high standards of quality and innovation that earned Encon® its reputation as “The most sought-after name in Industrial Safety”. Laboratory applications often require safety equipment that is designed for multiple uses and limited space. Encon® manufactures a wide range of multi-use laboratory equipment that meets or exceeds eyewash and drench hose ANSI Z358.1 requirements for hand-held and hands-free operations. In addition, all of our Barrier Free wall mounted eyewash and combination shower & eyewash equipment is wheelchair accessible.
