DELIC

# SLOT DRAINS

INTERNALLY SLOPED CAST-IN-PLACE STAINLESS STEEL SLOT DRAIN SYSTEMS DESIGNED TO ACCOMMODATE ALL OF YOUR DRAINAGE NEEDS

# DELC SLOT DRAINS

## CUSTOM

Engineered to fit any location in length, depth or configuration

## STAINLESS STEEL

304 or 316L Stainless Steel constructed for extreme durability and low maintenance.

## DESIGNED

Fully welded design, smooth inside finish to eliminate any build up of bacteria or debris and ease of sanitation

## CFIA COMPLIANT

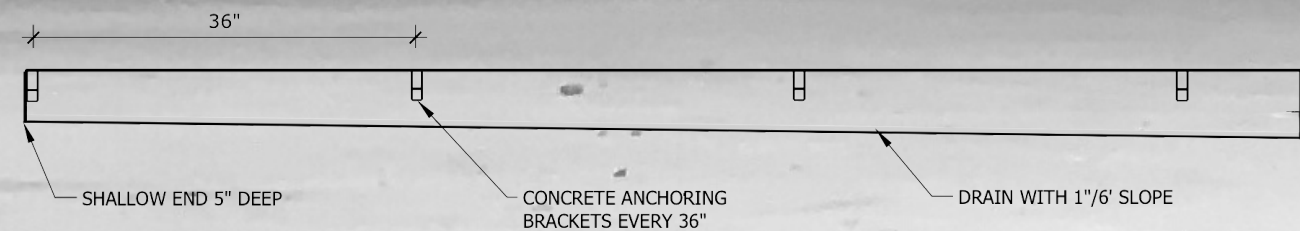

Compliant design: 7/8" slot width, 1" per 6ft slope (alternate slot width and/or slope available). Internal surfaces can be visually inspected.

## MATERIAL HANDLING

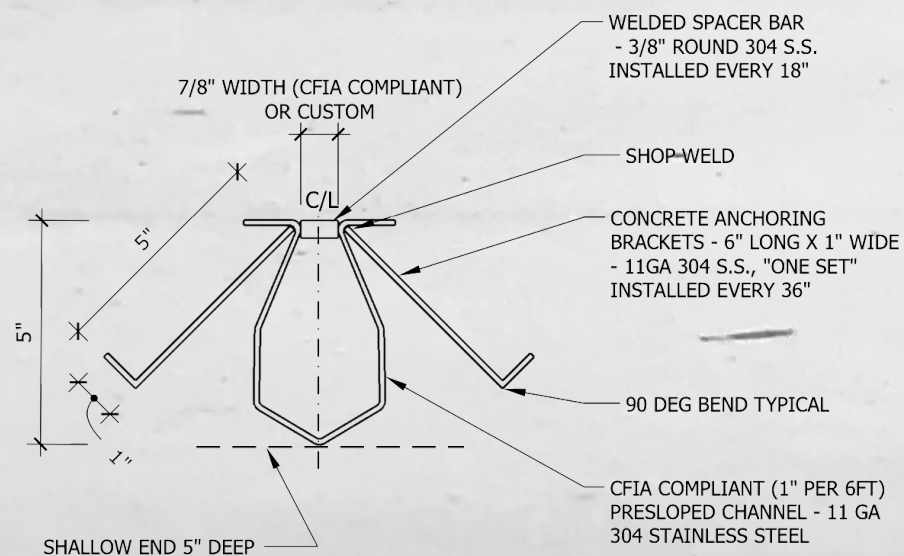

Suitable for all foods, beverages, water, oils and mild acids, as well as slurry's in the pulp and paper industry

## DURABLE

No bending of grating by heavy traffic, thereby eliminating tripping hazard and malfunctions.
