

Thank you for joining us for the first ever Inthrive Film Festival in Maine, presented by the Maine Department of Corrections!

We're so grateful you've taken time to experience the stories of incarceration survivors told in their own words, meet with local organizations working to remove barriers to successful reentry, and heard from local folks who are working to creating thriving communities!

As you leave, we encourage you to stay connected with the community of incredible people doing amazing work in Maine and support their efforts to help more people go from ***incarceration to thriving!***

We Thank Our Sponsors

The Just Trust, Maine Department of Corrections & *ALL OF OUR DONORS!*
