We Value

Customer First

We, as an organization, believe in action more than words. Putting our customers as our first priority helps us gain their trust in us, in achieving their goals. When we associate with an organization, we treat their office as our own; we work with their employees like our own colleagues; and make their vision, our own.

Employee Focused

Our employees are our valuable resources and we take care of their needs no matter what. An organization is not just a group of individuals. It is a family. It is a team that works together and grows together, consistently motivated to make a difference. We believe in keeping our employees happy, because when they are happy, so are we.

Integrity

No business becomes successful on the foundation of dishonesty. We work on strong moral principles and complete transparency that helps us gain immense trust of our clients.

Service Excellence

Service excellence is more than just fixing a problem. It is, in fact, full cooperation, prompt action and quality decision-making to provide consistently good results and superior customer experience, every single time.

Empowerment

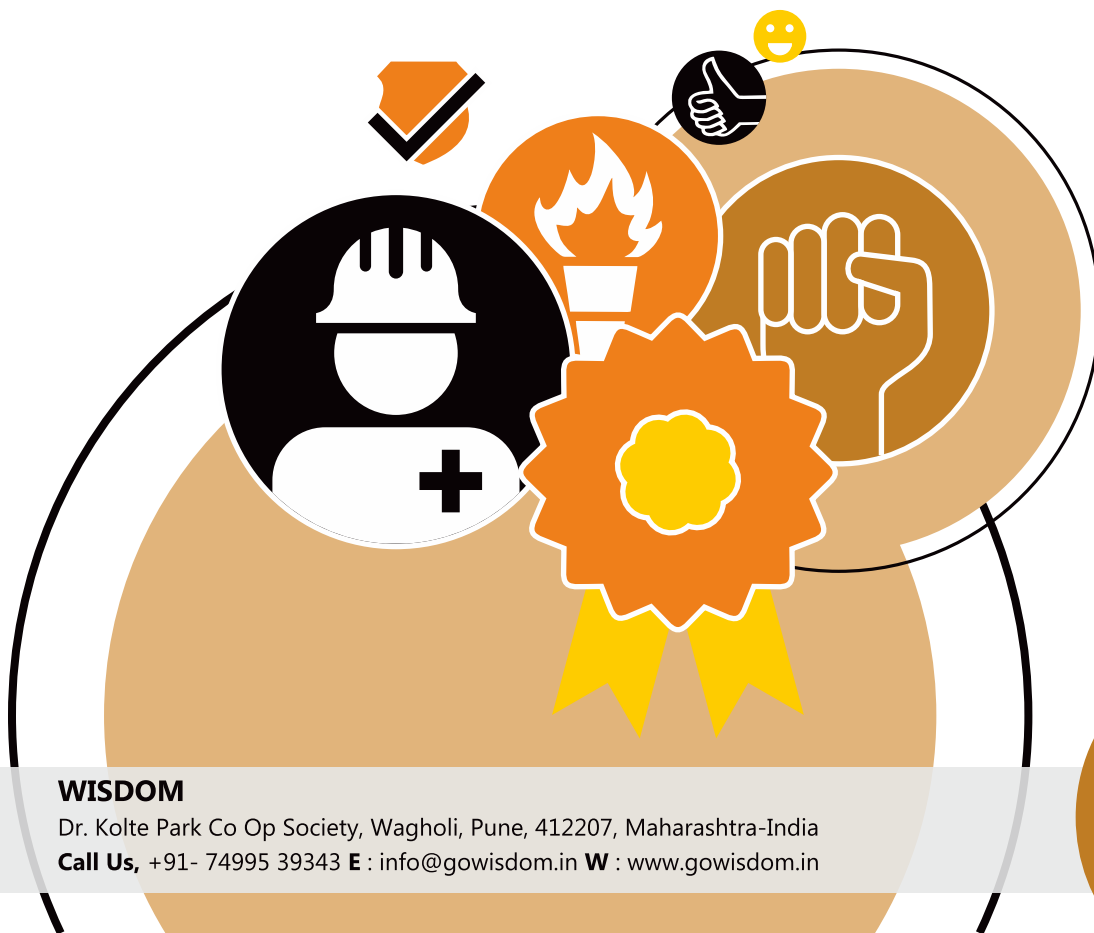

An organization is made of its talent. We believe in empowering each talent with constant motivation, opportunities to harness their potential and encouraging them to the right thing.

Leadership

We lead by example in whatever we do. Our core group of decision-makers along with our founders and directors have built a team that has innate leadership qualities and are proactive in their approach towards work.

Health, Safety & Environment

For us, our employees come first and ensuring their health and safety is our top priority. We have set high standards and quality checks on each process to minimize risk of accidents and thereby protect our employees at all points of time.

What We Do

WISDOM General Contractor that specializes in all kinds of renovation projects. Our renovation projects vary but primarily are residential and commercial. Whether you have a small or large project, we value each client the same. We strive to enhance the construction industry through our continuous research. At WISDOM you will see craftsmanship, dedication, and technology that have changed the face of construction. WISDOM ARCHITECT & CIVIL CONTRACTORS is Documented. We can provide you with referrals along with an estimate of your renovation project. Our carpenters have all of the experience and expertise you could hope for, but are far more than technically proficient: our carpenters are true craftsmen, who bring a well-honed design sensibility to each and every project, regardless of scope. We are qualified to work on all phases of roofing from repairs to complete roofing replacements. The warranty we offer on our labour is against any malfunctions, including leaks and blow-offs on any roofing repairs and we also offer general contracting, gutters, painting, siding and windows. We guarantee fair and low pricing for our quality work. As experienced general contractors, we are also known for our quick start to completion times. The owner is at every job site. We will handle the entire project ourselves with no sub-contractors, so the project will be done in half the time and at a lower cost. WISDOM ARCHITECT & CIVIL CONTRACTOR. passionate about the craftsmanship it brings to every home or commercial or industrial property it services with painting and renovation services. In the residential/commercial painting and renovation since 2017, we have the experience you want for that next residential or commercial painting or home improvement project. WISDOM ARCHITECT & CIVIL CONTRACTOR. can help you with that as well.

Certainly! "Repair and maintenance" typically refer to the actions taken to keep something in good condition or to fix it when it's not functioning properly. This term can apply to a wide range of things, including machinery, equipment, vehicles, buildings, and more. Here are some general tips for repair and maintenance:

1.Regular Inspections:

- Conduct regular inspections to identify potential issues before they become major problems.
- Create a checklist of components to inspect and perform routine checks.

2.Scheduled Maintenance:

- Develop a maintenance schedule based on the manufacturer's recommendations or industry standards.
- Perform routine maintenance tasks, such as changing oil, replacing filters, and lubricating moving parts.

3.Safety Checks:

- Prioritize safety checks to ensure that equipment or systems are operating safely.
- Regularly inspect safety features and emergency shutdown procedures.

4.Prompt Repairs:

- Address issues promptly to prevent them from escalating into more significant problems.
- Implement a system for reporting and responding to maintenance requests quickly.

Remember that the specifics of repair and maintenance can vary widely depending on the type of equipment or system involved. Always follow manufacturer guidelines and relevant industry standards. Regular and proactive maintenance can prolong the life of equipment and reduce the likelihood of unexpected failures.

CLIENTS PORTFOLIO

A client portfolio refers to a collection of clients that a business, individual, or organization serves or has served. It provides a comprehensive overview of the clients the entity has worked with, showcasing the diversity of industries, projects, and services it has been involved in. A well-maintained client portfolio can serve as a valuable marketing and credibility-building tool. Here's how to create and manage a client portfolio:
