Perfect 5 point star template

Small 5 point star template.

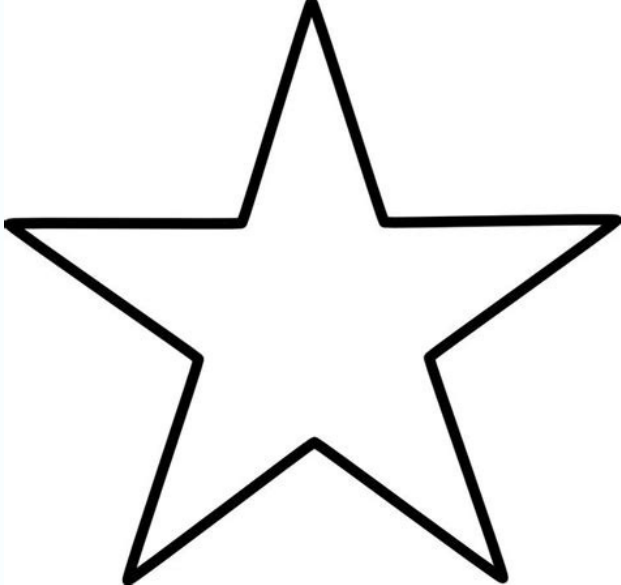

Large stars, extra large stars, small stars, star patterns, 5 pointed stars, rounded stars...oh my! This is a comprehensive list of free printable stars perfect for preschool projects, craft projects, Christmas decorations, Christmas crafts, and so much more. These star patterns were created for a few holiday projects! I made a cute Christmas star banner out of cardboard and designed some Star gift tags for Christmas presents. The crafting ideas don't stop there! You can use these star stencils for cards, painting, 4th of July celebrations, birthday parties, art, and preschool activities. Check out our other free printable templates great for crafting all year long! Use heart templates for Valentines, snowflake patterns for winter crafts, and Christmas tree templates for holiday crafts. (This post contains affiliate links. I earn a small commission from these links at no additional cost to you.) These stars are measured star outlines in both 5 point stars and rounded stars. You can measure these stars by width.

The height of the star is slightly smaller than the width of the star, but the size of the star on each print out is measured by its width.

Star printables are excellent for craft projects! If you are using the following star patterns as a stencil or as a pattern to cut out stars on other paper, then I recommend printing the star PDF onto a heavy cardstock paper. Heavy cardstock is durable and will not bend as you trace the star outline onto other material. I recommend using this cardstock. I always keep a pack on hand for my crafting projects! This star template resource is meant to be helpful for you and your friends! If you would like to share this post with anyone who needs to print stars, please share the link or use the Pin It button. Thanks for helping us keep this as a useful resource! To print any file, simply click on the purple link below the image of the star template that you need. Each star template is a direct PDF download from the purple link. You will need to use Adobe Reader to open the PDF. The smaller star templates print on regular 8.5×11 paper. Large star templates print on 11×17 paper. The extra large star templates (11.5 and 12 inch stars) print on 12×12 paper. I recommend sending the 11×17 stars and 12×12 stars to FedEx Print or Staples, unless your printer is capable of printing those sizes. The best 12×12 paper to print on is crafting paper or cardstock paper. Below you will find the 5 pointed star printable templates.

These stars are arranged from smallest to largest starting with 1 inch star shapes to 12 inch star shapes. Each star size goes up by a half inch through the 12 inch star. The large stars will need to be printed on specialty paper but they will be printed in one piece. These extra large stars work great for bulletin boards and crafts that will be seen from a distance. 1 Inch Star Free Printable 1.5 Inch Star Template FREE Printable 2 Inch Star Template FREE Printable 2.5 Inch Star Outline FREE Printable 3 Inch Star Outline PDF FREE Printable 3.5 Inch Star Outline FREE Printable PDF 4 Inch Star Outline FREE Printable 4.5 Inch Star Outline FREE Printable 5 Inch Star Stencil FREE Printable 5.5 Inch Star Template FREE Printable 6 Inch Star Outline FREE Printable 6.5 Inch Star Template FREE Printable 7 Inch Star FREE Printable 7.5 Inch Star FREE Printable 8 Inch Star FREE Printable 8.5 Inch Star Template FREE Printable The following large star template printables are printed on 11×17 inch paper. This extra large star prints on 12×12 paper. 12 Inch Rounded Star Outline FREE Printable Printable five pointed star shapes for art projects! My star templates are among the most popular items on my site. This isn't surprising, because they can be added to countless creative crafts. Cut them out and paste them on posters for Independence Day, use them to make a decorative border, or for school art assignment. The stars on this page are the classic sort with five points. They're available in many different sizes; download the template you need! Ideal for posters & decorations. All the shapes have been arranged to fit onto 8.5×11 letter-sized sheets. I created these sheets as a resource for the creative folks out there who can't easily draw these shapes with a computer program. After all, to draw these all these shapes with a pencil would be very time-consuming. And these printables won't cost you a penny! Please download for personal/educational use only. Commercial use is prohibited. You may use these 5 pointed star stencils for any personal creative work including art projects, booklets, diorama, stickers, and signs.
