Dear Sir,

Present Burning Issue Related to Retirees

Regarding the non payment of pension due to delay in returning the employees' funds to the bank trust by epfo

Under the above topic, we have to kindly apprise you and probably you must be aware that despite the lapse of more than 15 months since the formation of the Pension Trust in the bank, **the employees' fund has not been given by the EPFO to the bank's trust. Due to which pension is not being paid to the recently retired officers and employees** and this number is increasing every month but till now the problem has not been properly resolved. **It is having an adverse effect on the retiring respected seniors as they have to spend their funds for their living.** Not everyone can experience this but only retirees can feel the pain of this.

The union requests you to kindly consider this matter seriously and resolve it at the earliest on priority. **Till then, giving relief to his retired senior colleagues, pension should be paid as before and a lien should be put on the employer fund from the commutation amount so that the pensioner does not lose the interest amount and the bank's fund is also safe.** This imposed Lien should be removed while recovering it when the fund is sent by EPFO. Thus, one can find a positive solution in favor of our retired officers and employees. We therefore request you to please seriously consider this solution.

Our retirees are asset to our institution. We should give priority to their problem. **We hope the top management will work expeditiously to get all the retirees their deprived pension.**

Sincerely Yours

[Pravin Kumar Singh]
General Secretary
Workers

[Lalit Singh]
General Secretary
Officers
