Our Promise to You

We believe in honesty, trust, and craftsmanship — backed by our word and our work.

We promise to show you the true meaning of a gentleman's handshake, honesty, trust, and care. We take pride in all of our work and offer the best installation inside and out, backed by top quality service.

You have my word.

We're a small but impressive family-run business and we'd love you to get to know us.

Nick discovered his passion for craftsmanship in 2013, balancing a part-time carpentry course alongside full-time work in customer service.

He began making and selling handcrafted wooden garden furniture, using the profits to fund plumbing qualifications and develop skills in tiling and other installation techniques.

Nick Taylor Plumbing was founded in 2016 and continues to grow thanks to our dedication to quality, honesty, and personal service.

Customer Satisfaction Guaranteed

We serve **you**, the client, and offer a variety of tailored solutions to meet your needs.

By combining high-quality products with skilled workmanship, we're proud to deliver a service that's both professional and personal, with customer satisfaction at the heart of everything we do.

Signed - Nicholas Taylor
Director, Nick Taylor Plumbing Ltd

Meet The Team

At Nick Taylor Plumbing Ltd, we believe that great work starts with great people. Every member of our team brings passion, professionalism, and a personal touch to every project. Here's a quick introduction to the faces behind the work:

NICHOLAS TAYLOR

Company Director

Nick is the driving force behind the business. A qualified, multi-skilled professional with years of hands-on experience, he lives and breathes the industry. From organising each project to ensuring installations run smoothly, Nick is committed to delivering an exceptional experience from start to finish. He's always researching new methods and technologies to ensure our service stays ahead of the curve.

JANINE HODGKISS

Company Director

Janine plays an important role behind the scenes at NTP, supporting the business management of the company while helping keep Nick focused and on track. With a thoughtful eye for detail and a strong supportive presence, she is a valued part of the team and the continued growth of the business.

KRISTIN HAWKER

Installation Specialist

Kristin brings a lifetime of experience in the construction industry, along with a calm, reliable presence on every job. He's a highly skilled, multi-talented tradesman who takes pride in his work and always brings a friendly, professional approach. A true all-rounder and a genuinely nice guy.

BENJAMIN DENNIS

Head of Plumbing Department

Ben is our go-to expert for all general plumbing, repairs, and maintenance. Reliable, thorough, and always willing to help, he heads up our plumbing division and ensures every job is completed to the highest standard.

STEPHANIE VINE

Office Team Leader

Steph helps keep NTP running smoothly behind the scenes, managing customer enquiries, bookings, engineer schedules, quotations, invoicing and supplier orders. Friendly, organised and always ready to help, she supports both our customers and the wider team, making sure everything stays on track and helping us deliver the reliable, personal service we're proud of.

APPRENTICES

We're proud to support the next generation of skilled professionals by partnering with the local college. Our apprentices gain hands-on experience, build their portfolios, and learn alongside some of the best in the trade. Training and mentoring is part of who we are, we believe in giving back to the industry.

ELIZABETH TAYLOR

Chief Tail-Wagger

Lizzie the Labrador is the heart of our office team. She offers every visitor a warm welcome, never misses a thing, and is always ready with a smile (and a wag). Lizzie reminds us to enjoy the little things, like cosy corners, fresh water, and friendly company.

Our Installation Process

From design to aftercare — here's how we make your project smooth, stress-free, and professional.

1

★ Step 1 ★

Home Visit & 3D Design

We start by discussing your needs, design preferences, and budget, either over the phone or during a free home visit.

Partnering with our bathroom and kitchen supplier, we can also offer a virtual 3D design service. Using CAD software, we'll create a clear, precise layout of your new space so you're fully informed and confident before work begins.

To book your free design consultation, call

07980 204 140.

2

★ Step 2 ★

Personalised Quote

Every quote we provide is tailored to you — factoring in your space, style, and preferences. We'll refine your design until it's just right.

Then, we offer a clear, all-inclusive quote covering everything: fixtures, fittings, installation, and even the removal of your old bathroom.

✓ A simple 10% deposit secures your booking — stress-free.

3

★ Step 3 ★

Complete Installation

Relax — we handle everything.

Nick and the team coordinate the full process: Plumbing, Carpentry, Plastering, Painting, Wall Panels, Tiling — even Electrical.

Thanks to our trusted staff & qualified subcontractor.

📅 Installations typically begin 4–6 weeks after consultation and are completed within 10 working days.

💬 We're skilled, qualified, and take pride in everything we do.

4

★ Step 4 ★

Waste Removal

We minimise disruption by working cleanly, tidying daily, and disposing of all waste efficiently — so your new bathroom is ready to enjoy without delay.

♻️ All recyclable materials are responsibly handled, we care about your home and the environment.

5

★ Step 5 ★

NTP's Guarantee & Aftercare

Our work doesn't stop when the tools are packed away.

✓ Every installation comes with a **12-month guarantee**, and we're always just a call away if you need advice, adjustments, or support.

Your satisfaction is our priority — before, during, and long after installation.

Why Choose Us to Install Your Beautiful New Bathroom or Kitchen?

We are 100% Proud of all our work.

Behind Every Wall, Precision and Pride.

Because what's behind the walls matters, just as much as what's in front of them.

Nick Taylor Plumbing Ltd	Our Competitors
Copper pipework, professionally soldered with lead-free solder - 75 year manufacturer guarantee. Naturally antibacterial, copper is one of the safest options for drinking water. Installed by experienced, qualified, tradespeople.	Plastic speedfit Pipework - Low cost, 11 Year guarantee and rodents love to chew on this during the winter months and has no antibacterial properties. Often chosen for speed and cost over long term durability.
Hi-grade solvent-weld pipework - Leakproof and only removable with cutting tool. Every installation meets or exceeds industry standards. Backed by full insurance and workmanship guarantee.	Waste water pipework - Low cost plastic push fit pipework is used, the joints rely on rubber washers which perish, the manufacturer gives an 11 year guarantee. The pipe bends over time as the weight of the water and soap suds build up causing the pipe to sag and therefore pull out of its joints.
Materials used are fully waterproof ensuring your Bathroom or Kitchen will withstand the test of time.	Materials used have little to no water resistance properties, cheap to buy, quicker to install, less reliable and will start to degrade quickly.
Tiling - 1 / 2mm grout lines are used, minimal grout, easy to clean, ensuring clean lines which complement the overall high end finish to your bathroom or kitchen.	Tiling - 3 - 5 mm grout lines are used for speed.
Laser level technology used for precision.	Spirit levels which have a 5mm tolerance brand new.
Strengthening of walls and floor where required for grab rails, Mirrors, baths, shower trays, you name it, where it needs it, it will be reinforced.	Typically installed without additional reinforcement.

Time = Money.

Sadly today's environment, more than ever forces our competitors to focus on speed rather than quality, compromising the quality of materials and workmanship.

Here at Nick Taylor Plumbing Ltd, we pride ourselves on our workmanship, quality of products and materials used, ensuring high standards with high quality products ensuring our work withstands the test of time.

With all this in mind, why wouldn't you choose us - for confidence, craftsmanship and complete peace of mind.

DONT JUST TAKE OUR WORD FOR IT...

5.0
RATING

5.0
RATING

W.BARNES - 4 BATHROOMS AND HOTWATER CYLINDER
UPGRADE

"Everyday when I go in them I can honestly say **I have the best 4 bathrooms in the county!** Designed and installed to perfection! Attention to detail is outstanding! I highly **highly recommend NTP!**"

M. BOTTOMLY - BATHROOM RENOVATION

"Nick was **reliable, professional and punctual.** He did a very neat and tidy job replacing our bathroom, we will definitely use him again and would **recommend him** to anyone."

L. TEDDS - KITCHEN & CLOAKROOM RENOVATION

"From the first time we met Nick to quote our new renovations project, **we knew he was the right person** to take this on. We wanted the whole downstairs renovated, knocked through, new kitchen and an under stair's toilet. It's the first big project we had done. We were quite nervous about it but he **reassured us** and gave us lots of advice, ideas and his subject knowledge for this field was evident. We had alot of communication before the project started and problems were foreseen that might or might not go wrong so there were **no surprises** along the way."

"Once the work started, Nick and his team worked hard constantly to stay in the time frame as we had moved out and everything went to plan. He made us feel **safe in the knowledge that our house was in good hands**"

"Nick listened to everything and created our vision to the **highest standard** even down to the finishing touches especially our lighting in our new downstairs bathroom!"

"I now know my house much better as he's talked through all the pipe work, heating and plumbing with me which makes it easier to spot when something is wrong."

"**We had complete trust in him** the whole way and we are over the moon with our new open plan living for our family."

"We cannot thank Nick and his team enough. We will recommend him to anyone now."

"THANKYOU, THANKYOU, THANKYOU!"

S. ARMSTRONG - KITCHEN, BATHROOM AND HEATING SYSTEM

"Nick project managed major works to my new home, 3 new bathrooms, a new open plan kitchen & new heating system, everything was well explained, on schedule and to an **exceptional standard.** THANK YOU."

M. PITTER - BATHROOM RENOVATION

"I am a very happy customer: professional and top quality bathroom installation covering a wide range of skills (plumbing, of course, but also tiling, flooring, plastering etc). Always **friendly, polite. clean and tidy! Highly recommended.**"

Local Community

Our hard work doesn't just stop with
your Bathroom, Kitchen or Plumbing!

🌍 Our Waste Management team filter & recycle every ounce of waste for each and every installation - nothing goes to landfill unnecessarily.

Social media and YouTube pledge.

We regularly share behind-the-scenes footage on social media and YouTube — from craftsmanship under the floorboards to the final finishing touches.

We offer honest advice, transparent reviews, and plenty of light-hearted fun.

🌳 For every 1,000 subscribers we reach, we plant a tree to help protect our planet.

🎁 Seasonal Giveaways.

Meet Tracey — she received £150 worth of seasonal goodies as part of our customer giveaways!

When you choose us, you're automatically entered into our draws. No forms, no fuss — just our way of saying thank you.

Yes, that really is a Nick Taylor Plumbing Santa Sleigh! Every Christmas we bring joy to the community by visiting schools, switching on local Christmas lights, and spreading festive cheer — one smile at a time.

THANK YOU

we look forward to working
with you
