

Countertop Estimation Worksheet

Use this worksheet to complete a preliminary measurement of your solid surface and stone countertops and obtain and *estimate* of your project. The price of your counter-tops will vary depending on when our sales associate completes a template and compiles a final list of project options that you have selected.

Step 1. Record the surface(s) and group(s) that you are interested in.

Surface Type: _____ Color Group: _____ Edge Group: _____

Surface Type: _____ Color Group: _____ Edge Group: _____

Step 2. Draw a representation of your countertops in the grid below.
islands, bar tops, peninsulas and backsplashes, labeling them as separate sections.

Step 4. Compute Square Footage.

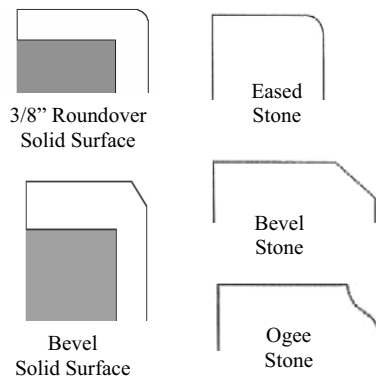

- ★ Measure each countertop section and record the length and depth dimensions of the sections (in inches, rounded to the nearest inch).
- ★ Compute the area of each section.

COUNTERTOP SECTIONS					
	LENGTH INCHES		DEPTH INCHES		AREA
1		X		=	
2		X		=	
3		X		=	
4		X		=	
5		X		=	
6		X		=	
7		X		=	
8		X		=	
9		X		=	
10		X		=	
TOTAL SQUARE FEET OF COUNTERTOP					
BACKSPLASH HEIGHT IN INCHES					
LINEAR LENGTH OF BACKSPLASH IN INCHES					
TOTAL SQUARE FEET OF BACKSPLASH					

Sample Kitchen Configurations

Common Edges

Elevated Surfaces includes the following in the Basic Price of a Countertop:

- In home inspection to verify the layout, measurements, special installation requirements and template
- Delivery and normal installation of the countertop
- Drilling of up to 4 faucet holes
- Cutout for one sink or cooktop (unpolished top mount)

Project Options:

(Available at an Additional Cost)

- Coved Backsplash and Side Splash (Corian only)
- Radius Corners/End larger than 3/4"
- Additional sink/cooktop cutouts
- Additional faucet holes
- Outlet cutouts
- Integral bowl or undermount sinks
- Removal of existing countertops and haul away
- Plumbing & Electrical Disconnect/Reconnect
- Design and Functionality Options (e.g. drainboards, inlays, etc)
