QUARTZ SINKS

Crafted to uncompromising quality standards, our quartz sinks set the industry standard for quality, durability and performance. Combining high grade quartz crystals with pure acrylic resins produces a sink of incredible strength. Extremely resistant to scratching, chipping, staining, and heat resistant over 530°F, these sinks represent the pinnacle of durability.

Q Series: Seamlessly undermounts into solid surface, laminate and stone countertops.

QA & QAR Series: Farmhouse apron front models. QA models feature a deeper 9¹/₄" apron while the QAR's shorter 6¹/₂" deep apron allows for installation into a standard sink base cabinet.

QU Series: Undermount sinks for all solid surface, granite and quartz countertops.

QT Series: Top mount sinks for any countertop.

When pairing a faucet with your bathroom sink, consider a 5" to 8" tall faucet for all undermount and drop-in styles of sinks. Vessel bathroom sinks sit higher on the countertop due to their above counter installation, making our taller 11" to 14" faucets the right choice. All faucets include a pop-up drain in the same finish as the faucet.
