2. Glass breakage.
3. Damage related to subsequent alterations, misuse or abuse of the covered items by any person other than Apache Glass & Mirror.
4. Damage resulting from fires, storms, electrical malfunctions, accidents, floods, leaks or acts of God.
5. Damage related to customer's failure to observe any instructions from the independent contractor and/or requirements of the manufacturer with respect to the product.

GENERAL DISCLAIMERS

- Shower Doors are not watertight: Consumers should understand that a shower door is not watertight. The amount of water that can escape your shower can vary greatly based on shower/tub size, configuration of shower head(s), type of thresholds and drains and by the type of shower door itself. Heavy glass units with no or limited vinyl seals, for example, can allow water to escape under normal conditions. Doors with more metal and seals generally provide more water protection. Excessive water pressure or directing shower heads or hand held sprays directly at doors or joints is not a normal shower conditions and can result in leaks.

- Towel bars, handles and accessories are in no way considered to be grab bars or other bracing or fall prevention mechanisms. The intent of these accessories is to facilitate proper operation or enhance the esthetics and functionality of the unit.
