

Somfy motorisation for curtains enhances your home and your lifestyle with smart technology that blends seamlessly into any interior design.

Quality and style, that enables you to control natural light levels and room temperatures and to create different moods, protect your privacy, or define areas to optimise space.

Our solutions are ideal for all areas in your home, ideal for hard to reach windows, high ceilings, deep-sill windows as well as traditional curtain installations.

About Somfy

Somfy has been producing smart solutions to manage homes and buildings for over 50 years, making daily life easier for millions of users throughout the world. Our innovations focus on automation and connection of roller shutters, awnings and curtains, doors, gates and garage doors, heating, lighting, cameras and alarm systems. Every day, we work on developing reliable and environmentally-friendly solutions so that everyone can live more comfortably, safely and sustainably both today and tomorrow.

Somfy, a guarantee of reliability

- Somfy products comply with all European safety regulations.
- Before Somfy products are installed in your home, they are extensively tested in advance.
- Five-year product guarantee on all Somfy motors and controls.

Somfy and environmental responsibility

Every day, our teams are dedicated to creating a green and more sustainable environment worldwide. **WE ACT** for more sustainable ecological products.

MOTORISATION FOR CURTAINS

Comfort & elegance

at your fingertips

Considering motorised curtains?

Discover Somfy solutions

Flexible Solutions

for your home

We know that every home is unique, so we offer different options to suit different interiors. All Somfy solutions combine smart technology with timeless design to bring style and comfort to your house or apartment. Our new WireFree motors provide an easy-to-install solution which requires no wiring and preserves your décor.

Movelite™ is an elegant and accessible solution for everyone, with **Movelite™ WireFree** the battery-operated alternative version. For a premium finish, **Irismo™ WireFree** is the quiet option with no need to pre-wire whereas **Glydea™ ULTRA** is the ultra-quiet and definitive solution.

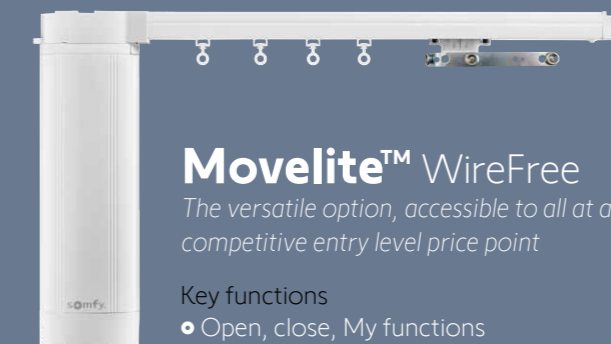

Choose the best control device for your needs:

- **Wall switch:** Smoove RTS
- **Remote control:** Situo RTS
- **App control:** Connexoon Window RTS, TaHoma®
- **Voice control:** Compatible with Amazon Alexa and Google Assistant

The TaHoma® and Connexoon Window RTS allow easy control of Somfy Products with a smartphone or tablet from anywhere.
