About Us

- At Rachel's Cookies and Treats we pride ourselves on making the highest quality products at all times. All of our handmade, artisan cookies and treats are made from scratch and made to order. Unlike many of our competitors, we make everything that we sell: from the icing on top of our Nonna's Cookies down to the coating that covers our Candied Pecans. All of our cookies are hand formed and weighed to ensure accuracy and each batch is taste-tested to guarantee satisfaction.
- We are a small, family owned and operated business that truly values your support. Most of our competitors are owned by large conglomerates that use cheap, artificial ingredients and preservatives. Our ingredients are always fresh and of the highest quality and we never use preservatives.
- Your satisfaction is 100% guaranteed.
