CITIZEN OF THE YEAR 2022

Chantelle Lalonde

I'm Chantelle Lalonde and I am a fourth generation farmer, living on the north shore of Lake Isle. In 1907, my great grandfather began his homestead and my family has lived on this farm ever since. We were recognized as a Heritage Farm in 2007 and received our centennial recognition from Lac Ste. Anne County. All 4 generations went to Darwell School and can't wait until my grandchildren attend as well in a few years.

My twin brother, Chad (Julie, Jace & Cali) and I now run a cow/calf operation on the family farm. My mom, Cynthia, still lives on the farm where she is enjoying kayaking and being close to family. I am extremely thankful to have been able to raise my children, twins, Kolton & Kassity, in this special place and in a community which has meant so much to my family. The kids didn't move too far away, Kassity is engaged to a wonderful young man, Keenan, living in Stony Plain. Kolton & Brayden are married and have my 2 grandbabies, Ryker (2) and Steely (2 months) who reside in the Darwell area. As new adventures always come up, I am enjoying my time with my ever growing family, my partner Terry and our 10 year old daughter Audrey, farming, camping, Ukrainian dancing and hopefully spending some time on the lake.

Off the farm, I am the Branch Manager of ATB Financial in Onoway. I have enjoyed the challenges and rewards of serving our community there since starting with ATB 8 years ago. Through ATB's own progressive initiative, my job has also given me the privilege of getting out into the community and giving back.

To be recognized as Citizen of the Year is one of the greatest honors I've had to date, and I appreciate the acknowledgement. I couldn't have done anything without all the love and support from my family and friends at the Darwell & District Ag Society where it takes a team to get things done and I am just a spoke in the wheel of DDAS.

Our sincere thanks and appreciation to Chantelle Lalonde.

The Darwell & District Agricultural Society would like to thank every-one who has contributed towards making our summer fair a success.

THANK YOU!

Rules & Regulations

Exhibitors making entries at the fair do so with full understanding that the Society accepts no responsibility for loss of or damage to any of the exhibits.

No liability can be assumed by the Society for any injury to persons or property on the Fair Grounds or in the buildings.

1. Only one exhibit by any exhibitor in any class, other than livestock and horticulture is allowed.
2. All animals are subject to veterinary inspection. Sick animals or any animal showing evidence of foot rot, pink eye or any other ailments will be disqualified and are to be removed from premises. Violation of this rule will result in all entries by the exhibitor in the class being disqualified.
3. In any class of livestock for sires, the animal must be purebred or recorded, and if not registered must be eligible for registration, and tattooed or properly identified according to breed regulations.
4. Age: In classes calling for calves or colts, the animal must be born on or after January 1 of the year of the fair. Yearlings shall be born between January 1 and December 31 of the previous year, 2 years old – 2 years previous, etc.
5. Age of Exhibitors: In any class where an age of exhibitor is stated, the age is to be taken from the exhibitor's last birthday. A JUNIOR shall be under 18 years.
6. If any class has only one entry, the judge may place it as he/she wishes should he/she think it does not qualify for first place, except for JR. and Intermediate bench show classes.
7. Where classes call for pupils of certain grades, the grades given shall be the grade the pupil was in at the close of the term of the year of the fair.
8. Any person wishing to protest any class must do so either to the committee or to the judge, before the class is judged or while it is being judged.
9. All indoor exhibits are to remain in the hall until 3:00 p.m.
10. All traveling trophies must be returned on or before fair day.
11. Anyone riding a horse through the fair grounds while under the influence of liquor will be charged with disturbing the peace in a public place and prosecution may result.
12. Any suggestions, complaints or comments must be presented in writing to D.D.A.S. Box 99, Darwell, AB TOE OLO.
13. All trophies and banners will be presented the weekend of the fair with some exceptions. All prize money will be given out and must be claimed at the end of each show, no exceptions.
14. In classes where the offspring is to be shown with the female, the female to be shown would be the female that bore the offspring.

ANIMAL HEALTH CONSIDERATIONS FOR EXHIBITORS

These notes are provided to all exhibitors as guidelines for the health and well being of animals entered at the Darwell Fair. Although testing is not mandatory for many animal diseases exhibitors should consider themselves responsible for bringing healthy animals.

Some considerations for your livestock should include:

Equine – Horses should be vaccinated with a 5 way shot (tetanus, EEE, WEE) as well as Flo/Rhino. Vaccinations should be done within 6 months before the exhibition. Consider de-worming your horse within 3 months before the fair. If your horse has been sick within the previous 10 – 14 days before the fair or had any lymph nodes swelling contact your veterinarian to check the animal before the fair.

Cattle – Cattle should come to the fair free of lice, warbles and ringworm. All of these conditions can be contagious and should be treated before shows to the point where there is no visual evidence of the disease. Cattle should be free of respiratory disease and should show no evidence of lameness from foot rot, corns, etc. Vaccination for cattle diseases such as IBR, BVD, P13 and haemophilus are optional and the exhibitors' veterinarian should be consulted on the treatment and prevention of the above conditions. Cattle should be treated for internal and external parasites at least 7 – 10 days before the fair with a broad-spectrum agent such as Ivomec injectable or pour-on. All cattle must also have CCIA Tag.

The key is to bring healthy stock only. If all exhibitors bring only healthy stock we all benefit by avoiding taking problems home. The above lists are by no means complete, but by observing for common problems we all do our part to make this an enjoyable and disease-free fair.

Helpful Hints for Horticulture Exhibits

The judges will be guided in making their decisions by the printed prize list. Judges will give preference to cultivars correctly named. (Cultivar is a horticultural variety e.g. 'Sunny Vee' is a cultivar of corn). All exhibits must be clean and free of insects and diseases.

Flowers

With the exception of decorative arrangements the flowers are judged for quality. The artistic arrangement of exhibits in Cut Flower classes does not count. Containers such as salad dressing jars work well. Size in the individual blooms is desirable but the quality, form and cleanliness is just as important and should not be passed up in order to pick the largest bloom. Damage to petals will cause the loss of many points.

Gladiolus should have a straight spike and be cut to have the total stem approximately half the length of the flower head. Florets should be evenly spaced and in balance. Measurement refers to diameter of lowest floret.

Roses are considered at their peak just as the second set of petals start to unfurl. A good length of straight stem, carrying some foliage is desirable. The stem should reach the bottom of the container. Side buds must be removed in the Single Rose class.

Sweet Peas should have long stems that are straight and firm. Size, texture, freshness, and number of florets open are important.

Asters, Dahlias, Marigolds and Zinnias should have the centres full (except in the single varieties) and should be free of wilting outer petals.

Pansies should be a uniform size, not touching in the display.

Snapdragon spikes should include no side spikes.

Vegetables

- Beans** have pods of good length, uniform in size, fresh and free from stringiness; seed should not be fully developed.
- Beets** not over 7.6 cm in diameter; dark red inside and out, free from light coloured rings in centre; free of side roots; crown small and free of splits, scaling, sunburn. Tops removed 1.3 cm from crown.
- Carrots** smooth and straight, free from side roots, injury, and sunburn; small core; clean. Tops removed 1.3 cm from crown.
- Cabbage** heads of medium size, heavy and firm shape true to type; remove stem and outer damaged leaves, 1-2 wrapper leaves attached.
- Cauliflower** heads about 20 cm in diameter; curds should be white and compact, smooth and regular, with no leaves showing through the head; remove stock and large leaves, trim remaining leaves to 1 cm above curd.
- Corn** in fresh, edible condition; uniform size, evenly filled tip to base with straight rows of well-developed kernels. About 1/3 of the husk removed from the tip to base.
- Cucumbers** uniform in size, shape and colour; free from blemishes fresh, firm and seed not well developed; show little tapering at ends, 1 cm stem attached. Slicing cultivars at least 15 cm long.
- Lettuce** leaves washed, tender and sweet; roots and small or damaged outer leaves removed, shown in water.
- Onions** firm; uniform colour, size, shape and maturity; tops and roots trimmed to 1.3 cm from bulb; only jagged and dirty outer scales removed.
- Pea** pods large, fresh, uniform and well filled; peas large, whole, uniform, sweet and in good colour; stem and calyx attached.
- Potato** shape and colour uniform, typical of cultivar; tubers smooth with few and shallow eyes, firm and medium size; no sunburn or secondary tubers; can be cleaned with a soft brush.
- Tomatoes** smooth, uniform in size, shape and colour; stem attached. Green-ripe preferred in green class.
- Zucchini** uniform in colour; trim stems to 1 cm; maximum length of 20 cm.

Fruit

- Fruit** collections should have fruits at their peak; avoid overripe fruit; should be clean, free of blemishes, arranged attractively; stems attached. Fruits must be named, points awarded for cultivar names. Does not include rhubarb.
- Rhubarb** tops trimmed to fan shape about 2.5 cm long; stalks uniform, about 45-50 cm long; colour uniform over length; only trim rough edges at base, and tied as a bunch.
