ANIMAL HEALTH CONSIDERATIONS FOR EXHIBITORS

These notes are provided to all exhibitors as guidelines for the health and well being of animals entered at the Darwell Fair. Although testing is not mandatory for many animal diseases exhibitors should consider themselves responsible for bringing healthy animals.

Some considerations for your livestock should include:

Equine – Horses should be vaccinated with a 3 way shot (tetanus, EEE, WEE) as well as Flo/Rhino. Vaccinations should be done within 6 months before the exhibition. Consider de-worming your horse within 3 months before the fair. If your horse has been sick within the previous 10 – 14 days before the fair or had any lymph nodes swelling contact your veterinarian to check the animal before the fair.

Cattle – Cattle should come to the fair free of lice, warbles and ringworm. All of these conditions can be contagious and should be treated before shows to the point where there is no visual evidence of the disease. Cattle should be free of respiratory disease and should show no evidence of lameness from footrot, corns, etc. Vaccination for cattle diseases such as IBR, BVD, P13 and haemophilus are optional and the exhibitors' veterinarian should be consulted on the treatment and prevention of the above conditions. Cattle should be treated for internal and external parasites at least 7 – 10 days before the fair with a broad-spectrum agent such as Ivomec injectable or pour-on.

The key is to bring healthy stock only. If all exhibitors bring only healthy stock we all benefit by avoiding taking problems home. The above lists are by no means complete, but by observing for common problems we all do our part to make this an enjoyable and disease-free fair.

Helpful Hints for Horticulture Exhibits

The judges will be guided in making their decisions by the printed prize list. Judges will give preference to cultivars correctly named. (Cultivar is a horticultural variety e.g. 'Sunny Vee' is a cultivar of corn). All exhibits must be clean and free of insects and diseases.

Flowers

With the exception of decorative arrangements the flowers are judged for quality. The artistic arrangement of exhibits in Cut Flower classes does not count. Containers such as salad dressing jars work well. Size in the individual blooms is desirable but the quality, form and cleanliness is just as important and should not be passed up in order to pick the largest bloom. Damage to petals will cause the loss of many points.

Gladiolus should have a straight spike and be cut to have the total stem approximately half the length of the flower head. Florets should be evenly spaced and in balance. Measurement refers to diameter of lowest floret.

Roses are considered at their peak just as the second set of petals start to unfurl. A good length of straight stem, carrying some foliage is desirable. The stem should reach the bottom of the container. Side buds must be removed in the Single Rose class.

Sweet Peas should have long stems that are straight and firm. Size, texture, freshness, and number of florets open are important.

Asters, Dahlias, Marigolds and Zinnias should have the centres full (except in the single varieties) and should be free of wilting outer petals.

Pansies should be a uniform size, not touching in the display.

Snapdragon spikes should include no side spikes.

CITIZENS OF THE YEAR

Gerald, Terri & Victoria Stark

Gerald was born and raised around Darwell. In 1999, Gerald and his wife Terri purchased land East of Darwell and moved there with their newly born daughter Victoria. Gerald is in his 17th year as a Captain with WestJet and has been able to get “airfare for two” donated for the past ten years for Darwell’s raffle. Terri is in her 16th year with Northern Gateway Public Schools and is the Secretary of Darwell School. Victoria is currently going into her 3rd year of her Business Degree.

They wanted to become involved in the community so they joined the Darwell & District Agricultural Society in 2001. Since 2003 both Gerald and Terri have had various positions on the Executive of the DDAS. Terri has coordinated the bench show, scheduled judges, maintained the website, ordered ribbons, updated the fairbook and has ran the pet show and enjoys working in the concession. Gerald has been on many committees and has coordinated the cattle show, quad wars, mini broncs, ag drag and spearheaded the junior ag society program in cooperation with the Darwell School. Victoria spent every summer of her childhood playing at the fairgrounds while Gerald and Terri volunteered. As she grew older she began helping out wherever she could. She continues to help out with the family dance, bench show, the concession and wherever she is needed. Gerald and Terri have been instrumental with raising money in the community by getting sponsorship as well as applying for and coordinating government grants. They help with every event that the DDAS does including the Family Dance, Volunteer Appreciation, Barnburner, Ag Drag, Annual Fair, grounds rentals and donate the use of their farm equipment. They feel fortunate to be part of an organization that has worked together to expand the fairgrounds land twice, make a new baseball diamond, add new buildings/facilities and improve all of the existing buildings.

Our sincere thanks and appreciation to Gerald, Terri and Victoria.
