NEW *WOW School of Astrology with Megan Allaire

Astrology is an ancient art that studies the movements and positions of stars and planets, the aspects between them and the relationships they form. The more we understand ourselves the more we can tap into our own hidden talents to help actualize our dreams, for guidance and healing, or to avoid or overcome obstacles more easily once we know where to find these challenges. To better tap into our unique energetic patterns and put it to its best use, we need to know where to locate it. The snapshot of the sky at the time of our birth is called a natal chart, and it is unique to each of us. HOLISTIC HEALING CENTER

Private sessions for holistic modalities:

Reiki is Universal Life Energy that treats the whole person: physically, emotionally, mentally and spiritually. A Reiki treatment is a powerful but gentle catalyst to healing. Treatments are very relaxing and stress reducing. Reiki promotes movement when feeling stuck or blocked. Regular treatments can help manage chronic conditions. We offer a variety of Reiki styles including Usui, Karuna, Multi-Dimensional/Healing & Holy Fire III Reiki.

Hypnotherapy is a state of intensified attention and receptiveness with an increased responsiveness to an idea. Assists in increasing motivation and/or altering behavior patterns such as smoking or pain management, resolving anxiety and phobias, heal childhood/traumatic past, regression therapy, etc.

Integrated Energy Therapy provides gentle yet powerful support for survivors of childhood traumas such as abuse, alcoholic and dysfunctional families. Clears energy blocks that limit your purpose, prosperity and creativity. Painlessly identifies and releases suppressed feelings / core cellular memories.

Magnified Healing heals the nervous system, heals and stimulates spine, heals karma, cleans & clears the chakra system & heals the light body & prepares one for ascension. Heals the Earth. High frequency healing from God Most High of the Universe.

Soul Retrieval reclaims "parts" of self via hypnosis to bring more balance and wholeness to you and your life. Facilitates recovery from trauma.

Trance Healing is a form of spiritual healing in which the energy comes directly from Spirit. During a session, the healer blends closely with the spirit world while in an altered state of consciousness (trance) achieved through deep meditation. Through this connection, the healer is able to bring forth a powerful method of healing that is transferred from spirit through the aura of the medium to the client.

Akisni is a Native American energy healing modality that balances the four quadrants of the body and the shadow selves as well as the electrical body through specific touch points that are activated on the body, both hands-on and hands-off, to bring healing and wholeness. A gentle, non-invasive energy that works well with other energy healing modalities bringing balance to the energy centers of body.

Additional Services: Past Life Regressions, Inner Child Healing, Crystal Healing, Flower Essences, Hypnawaving, Earth Medicine, etc.
