

Hey Everyone,

In March the Wisdom School for Astrology starts. Though I don't have a pamphlet (working on that) I wanted to let anyone interested in becoming part of this astrological journey the opportunity to see what this course will be covering this year! I look forward to bringing to light the spiritual, energetic and psychological gifts that you will understand and begin to use on a daily basis to enhance your life with your personal road map to your destiny!

Here's what we will cover in Term # 1:

- The Signs of the Zodiac, meaning of each including the house placement, the sign and its opposite and how to benefit using the energy of both; your sun sign health and your body sensitivities
- The Planets and their majestic line up of power
- Understanding the psychological, spiritual, physical and emotional energies in your natal birth chart
- The impact the chart has in your life and the best way for you to recognize the tools and how to best utilize what is naturally yours
- Relationship with the "other" meaning love partner, friends, family, the public and understanding why you may or may not vibrate positively together
- Reincarnation within the chart; the opportunity to understand the habit patterns of the past both beneficial and challenging which leads to the best for now and future

I look forward to working with you in March of 2023!

Until then, may you have joy on your journey!

With peace and love,

Patricia Mellman
