*with Kacey O'Donnell*

## About Wicca:

Welcome to the wonderful world of Wicca! Wicca is a nature-based spiritual belief system and practice which respects and promotes the balance of all things through magick and connection to the divine forces in the universe. Wicca celebrates life in the physical world as well as the spiritual. Though Wicca is relatively new as a recognized spiritual belief and religion, its traditions are steeped in ancient wisdom and practices. In communicating with the natural world, Wiccans believe that magick can be seen and used by all things. Wicca speaks to people who want to become more in tune with the natural cycles of the earth and human life. It is a belief that sees divinity and magick in all things, including the self.
