

# Learn About Your Place Among the Stars

Astrology is an ancient art that studies the movements and positions of stars and planets, the aspects between them and the relationships they form. Knowing these relationships enables us to interpret the tendencies, strengths and weaknesses of a particular person or event. The more we understand ourselves the more we can tap into our own hidden talents.

We can use this information to help actualize our dreams, for guidance and healing, or to avoid or overcome obstacles more easily once we know where to find these challenges. To better tap into our unique energetic patterns and put it to its best use, we need to know where to locate it. The snapshot of the sky at the time of our birth is called a natal chart, and it is unique to each of us. In this class you will learn about the signs, the planets that rule them and the houses they occupy, as well as the aspects between these planets and how to interpret their meanings.

Join me in this fun adventure of unfolding the many layers that help make you, you! This program meets one Saturday a month for 8 months from 11am-4pm

## ABOUT YOUR INSTRUCTOR

**Megan Allaire** is an Astrologer, Medium and Healer who began her journey into astrology as a curious teenager and skeptic. As a Scorpio sun who enjoyed being mysterious and difficult to understand, she was taken aback when she read her first astrology book which seemed to know many of her secrets, hidden fears and deepest feelings. This started her journey into exploring the wisdom of the cosmos and decoding the planets, signs and houses.
