

alanis: Jagged Little Pill Live

It is our honour and privilege to bring you "**Alanis: Jagged Little Pill Live**".
A tribute celebrating the music of Alanis Morissette. Honouring the legendary 1995-1996
Jagged Little Pill tour, which featured bassist Chris Chaney, of *Jane's Addiction* and
Foo Fighter's Taylor Hawkins on drums.

Performing Alanis' iconic break-through album, in full, with all the energy, angst and
intensity of that original line-up. It's empowering, it's grunge, it's raw.
It's Jagged Little Pill live.
