

Technical Theater Apprenticeship

An Arsht Program

Get Paid to Become a Florida State-Certified Stage Technician

The Arsht Technical Theater Apprenticeship Program gives structured, hands-on training with industry-leading technicians, designers and production supervisors at the Adrienne Arsht Center, one of the nation's premier performing arts centers. This is the only Florida Department of Education (FLDOE) Registered Apprenticeship Program in South Florida.

The Arsht Technical Theater apprentice is expected to learn:

- Lighting systems
- Audio engineering
- Stage carpentry
- Rigging
- Video and projections
- Wardrobe and costume support
- Stage management and backstage operations
- Production management

This is a three-year paid program with benefits. No technical theater experience is necessary. Only a high school diploma or equivalent is required to apply.

Want to learn how to submit the best application?

Join our virtual Q and A session on April 2 at 4 p.m.
