# What is My Liquidity Partner?

**My Liquidity Partner** is a way of making your coins create an extra source of passive income for you without spending hours in front of the charts.

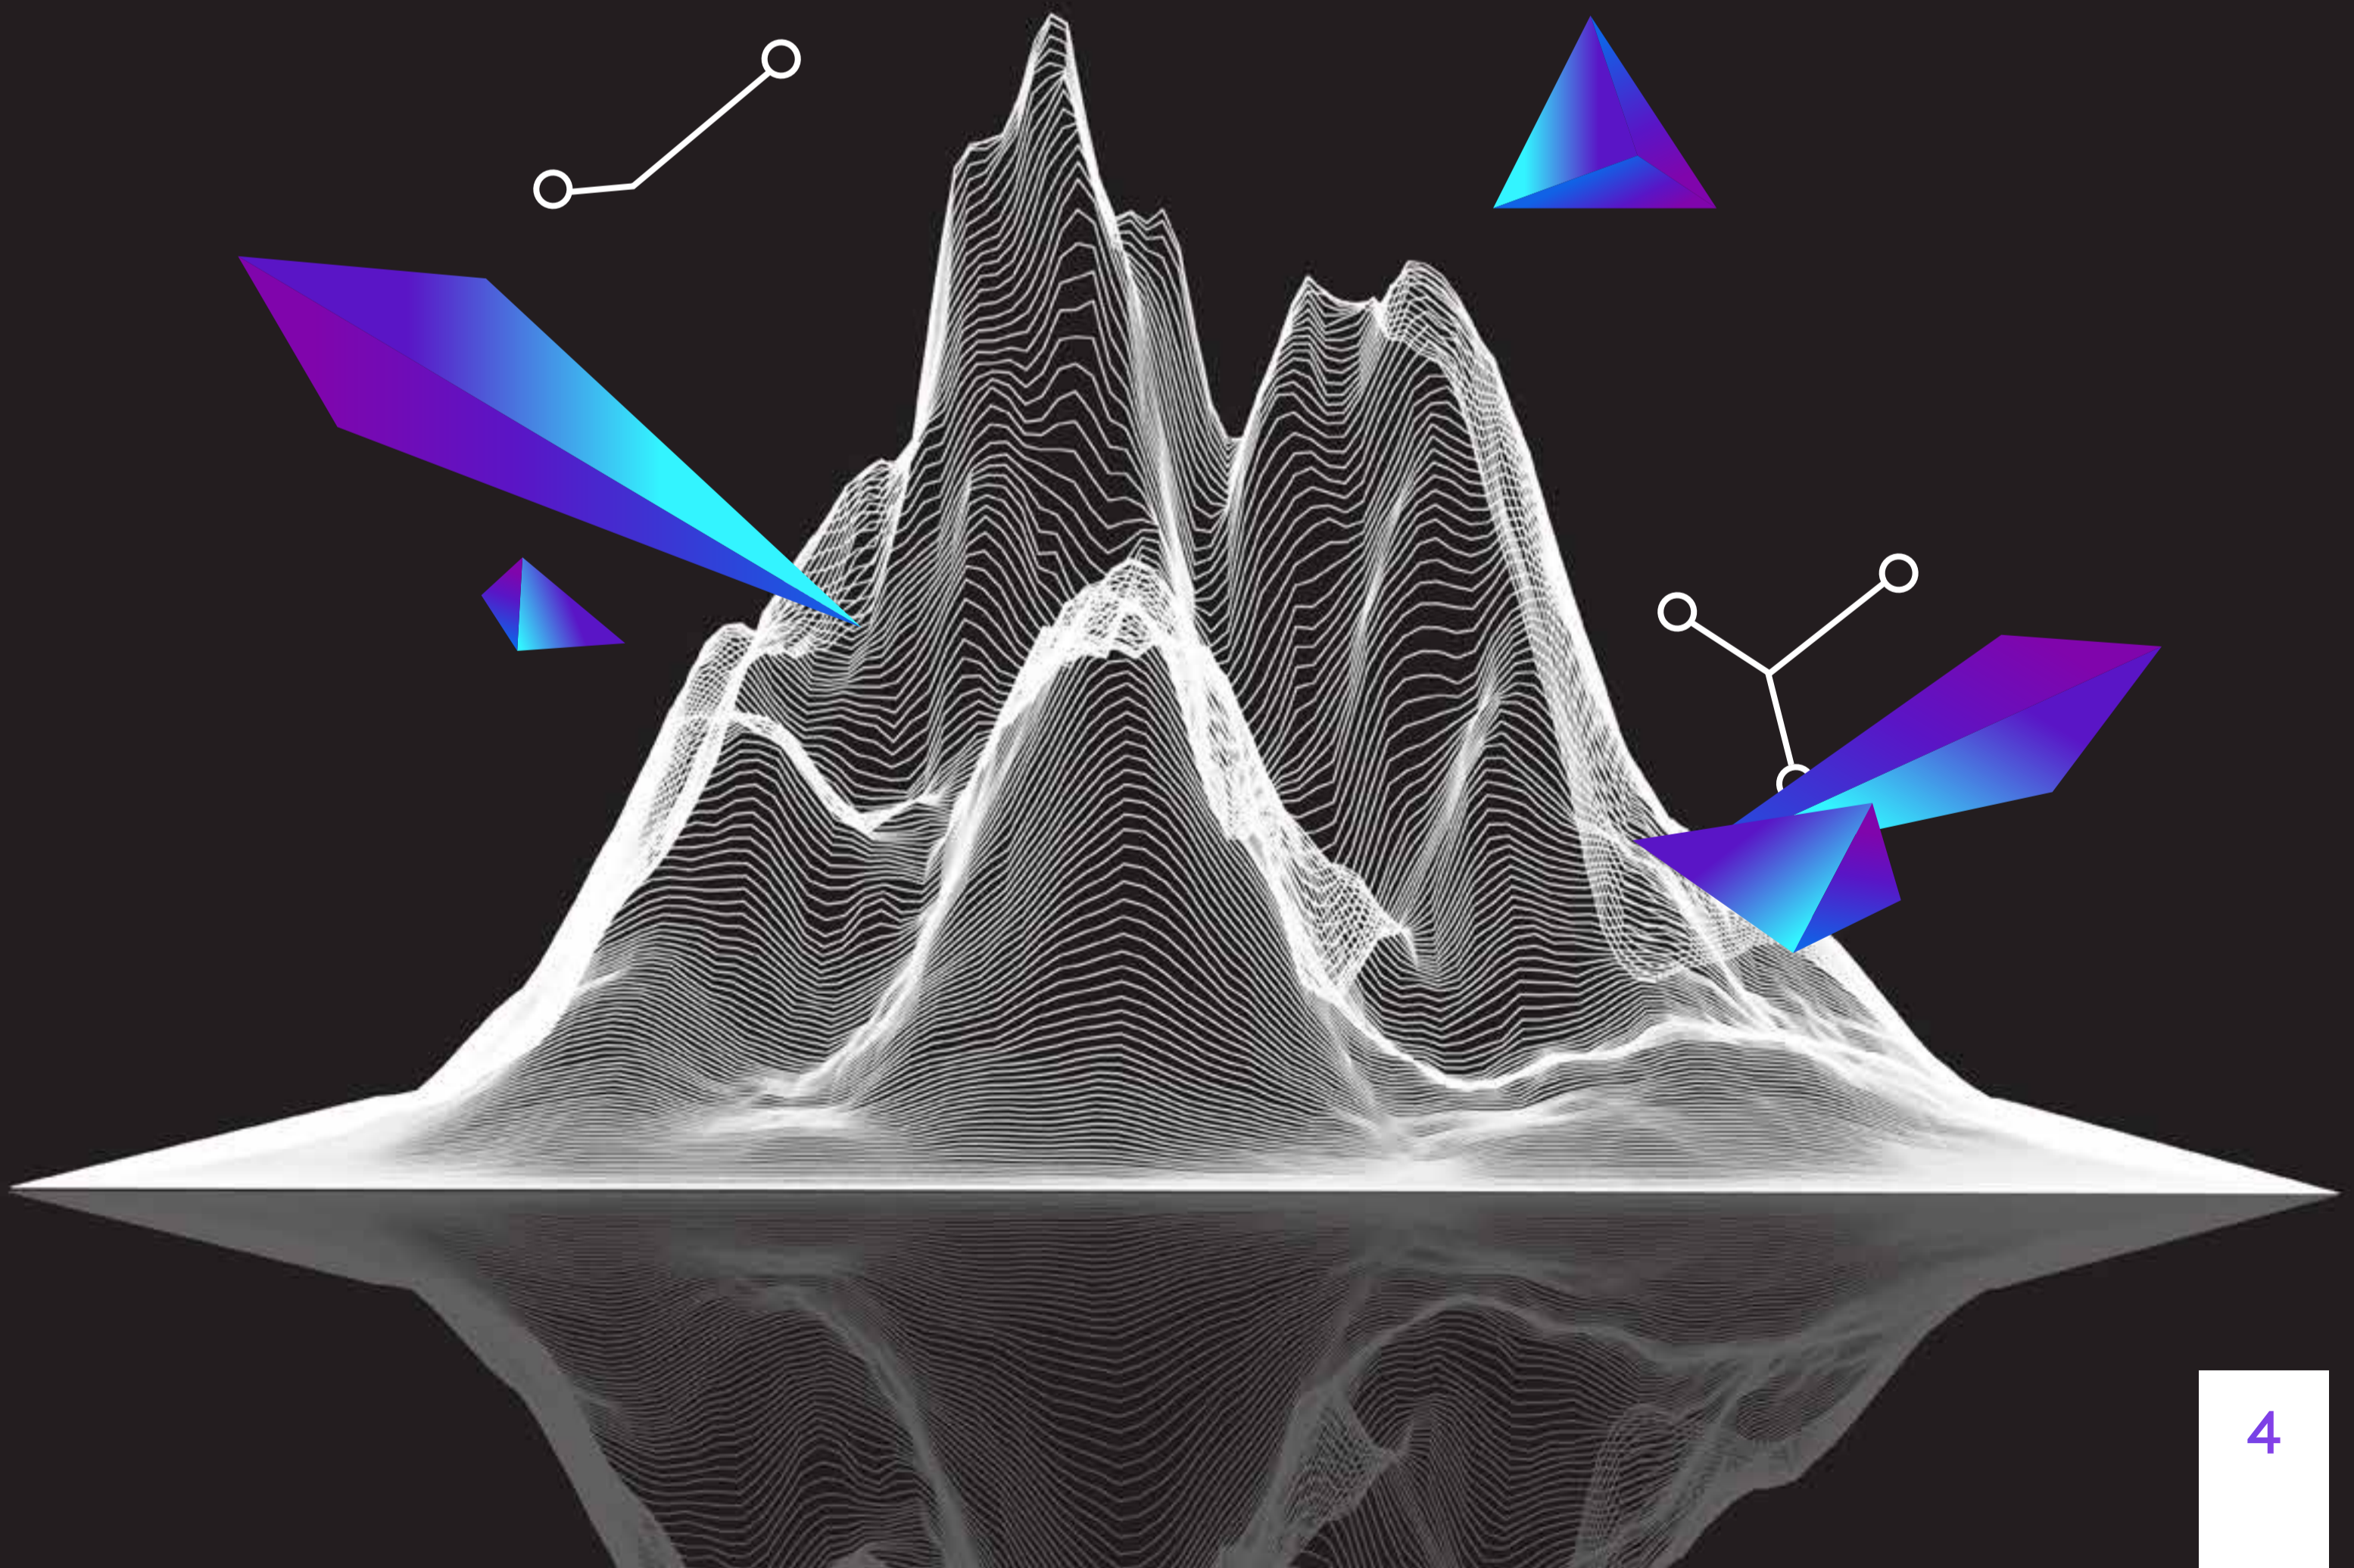

**My Liquidity Program** utilises your coins within the liquidity pools, run on **Uniswap**, with our advanced algorithms and experts we are able to give our Liquidity Partner's a WEEKLY return on your position. We offer you a guarantee that we'll match your **ETH** or **BTC** with our own pledged coins.

# What is a Liquidity Pool?

A **Liquidity Pool** is a collection of cryptocurrency coins used to engage in the collection of fees from within the trades. This is run and secured by the unique smart contracts that interact in the decentralised exchange.

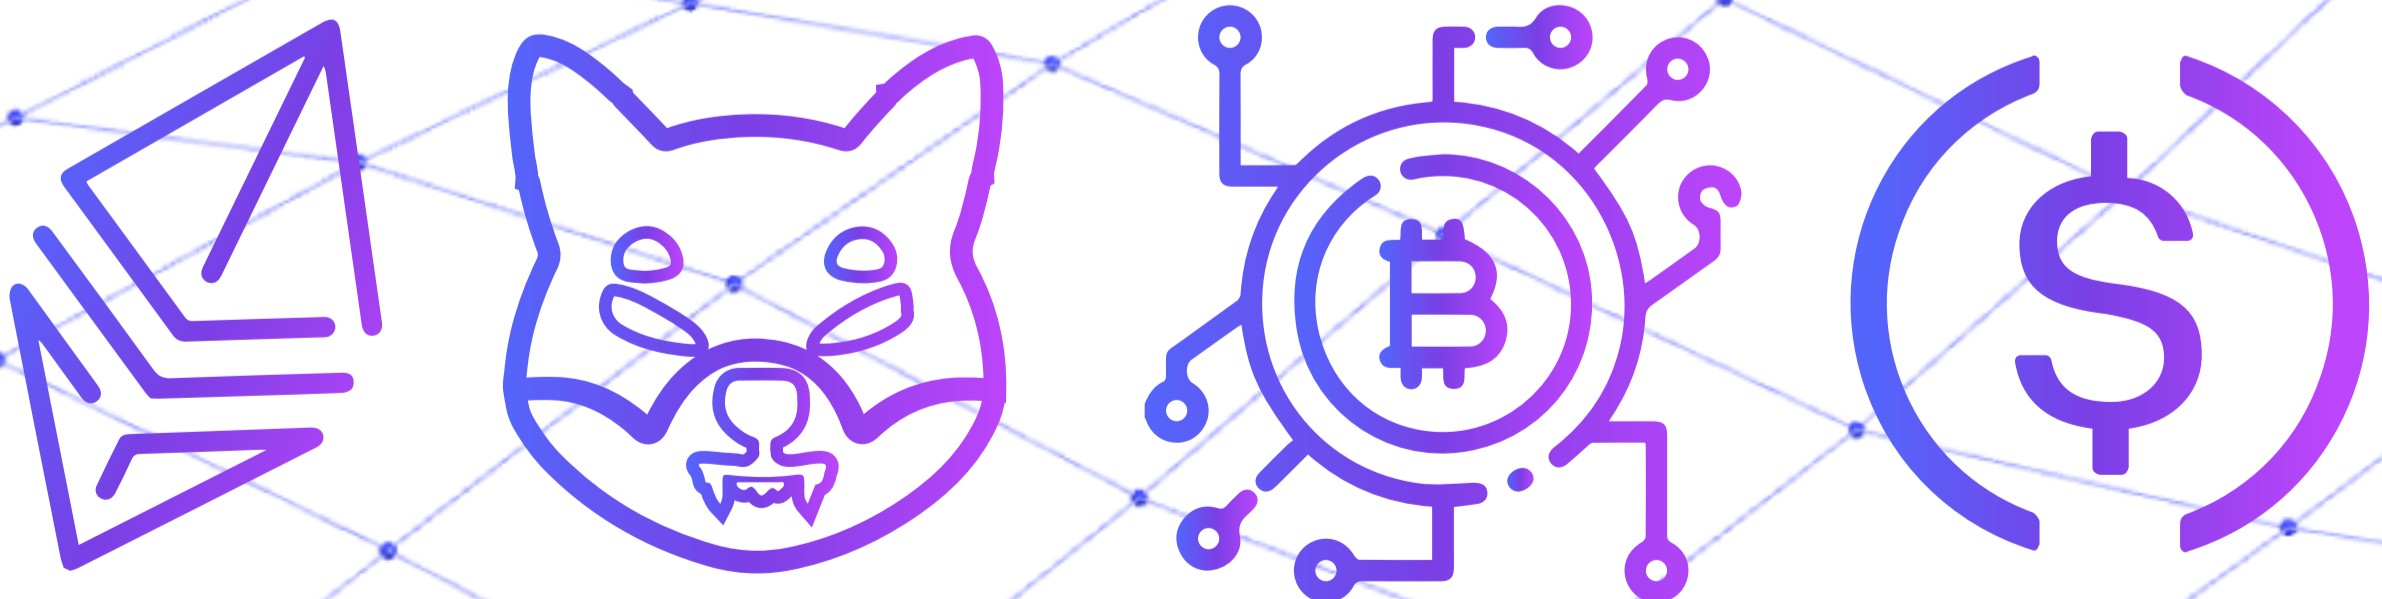

# How We Choose Our Pools

- **BTC** We are able to mitigate all risk from our partners side by engaging our matched coin allocation.
- The Total Value Locked (TVL) is **\$350M** and increasing on a daily basis.
- The 24H trading volume is currently over **\$50+M**, and steadily moving with an upward trajectory.
- The opportunity to collect **\$400K** worth of fees within one POOL.

# More About Our Liquidity Pool Options

- **BTC**, **SHIBA**, and **USDC** pools are also available to our Liquidity Partner's. The **USDC** pool has a slightly lower weekly return rate, but its virtues are counted for its stability (being a stable coin). Our **BTC** pool is for those who want to participate in a larger yield pool, as the minimum deposit is 1 **BTC**, and for our crypto natives who hold **SHIBA**, we also have a pool for you too!
- **BTC**, **SHIB**, **ETH** = 2.25% Per Week.
- **USDC** = 0.75 Per Week.

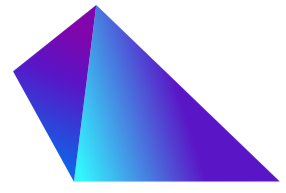

# What Makes the MLP Token Unique?

- The **MLP** token is a loyalty reward token for our existing Liquidity Pool Partners as a show of appreciation for our Partners participation in our program.
- The token allows those who can't afford to participate in the pool to join with the **MLP** token, and still reap rewards from the platform, whilst having access to immediate liquidity.
- The token will also be a staking and farming token, on a variety of the largest decentralised exchanges.
- You are participating in a well trusted and secure platform.
- Our team of experts are available at any time to assist .
- 100's of **satisfied** partners.
- Token holders will be able to donate or give their token to the Foundation, and act as a direct contributor to the Foundation's Mission efforts. By donating your reward tokens to the Foundation, you will be providing support for the Foundation's charity.

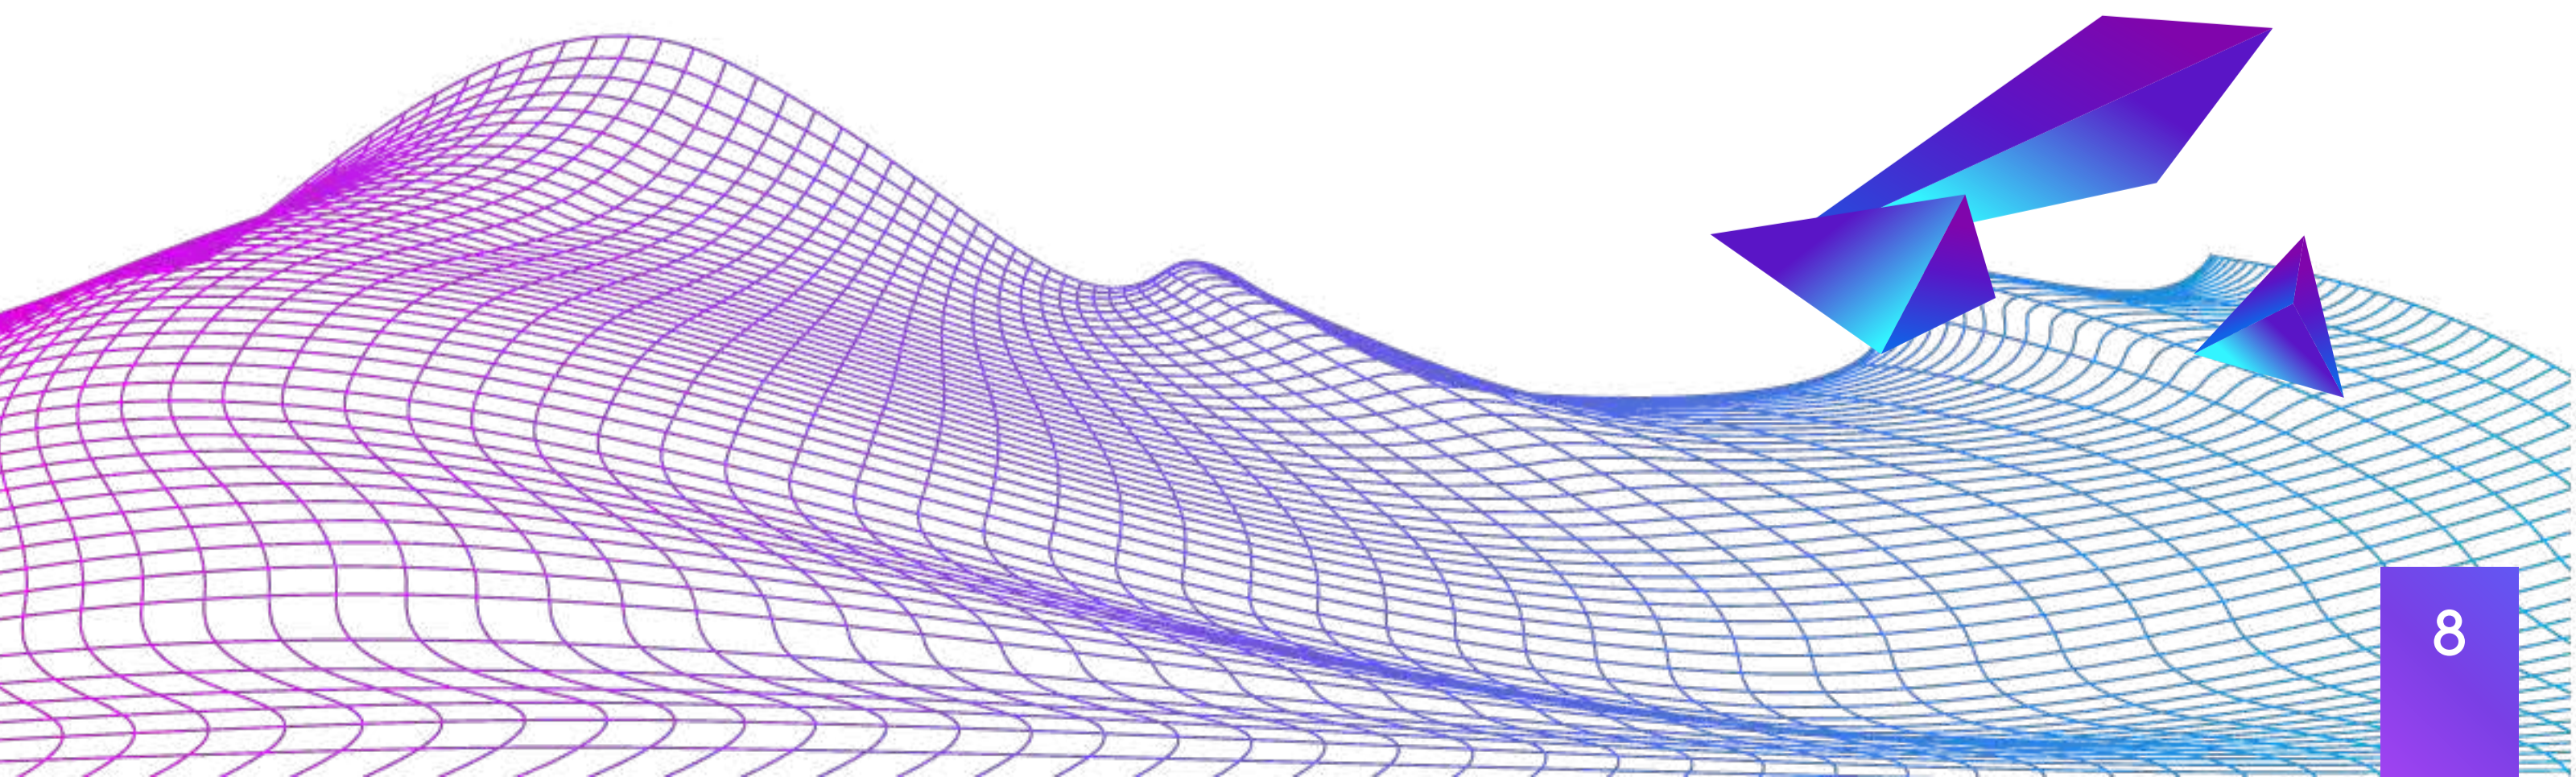

# Our Advantages

Whether you are an active Crypto Native or a newbie just starting out in the space, chances are that you want somewhere trustworthy to place your **ETH** or **BTC**, where you are guaranteed it's position as well as its safety within the platform.

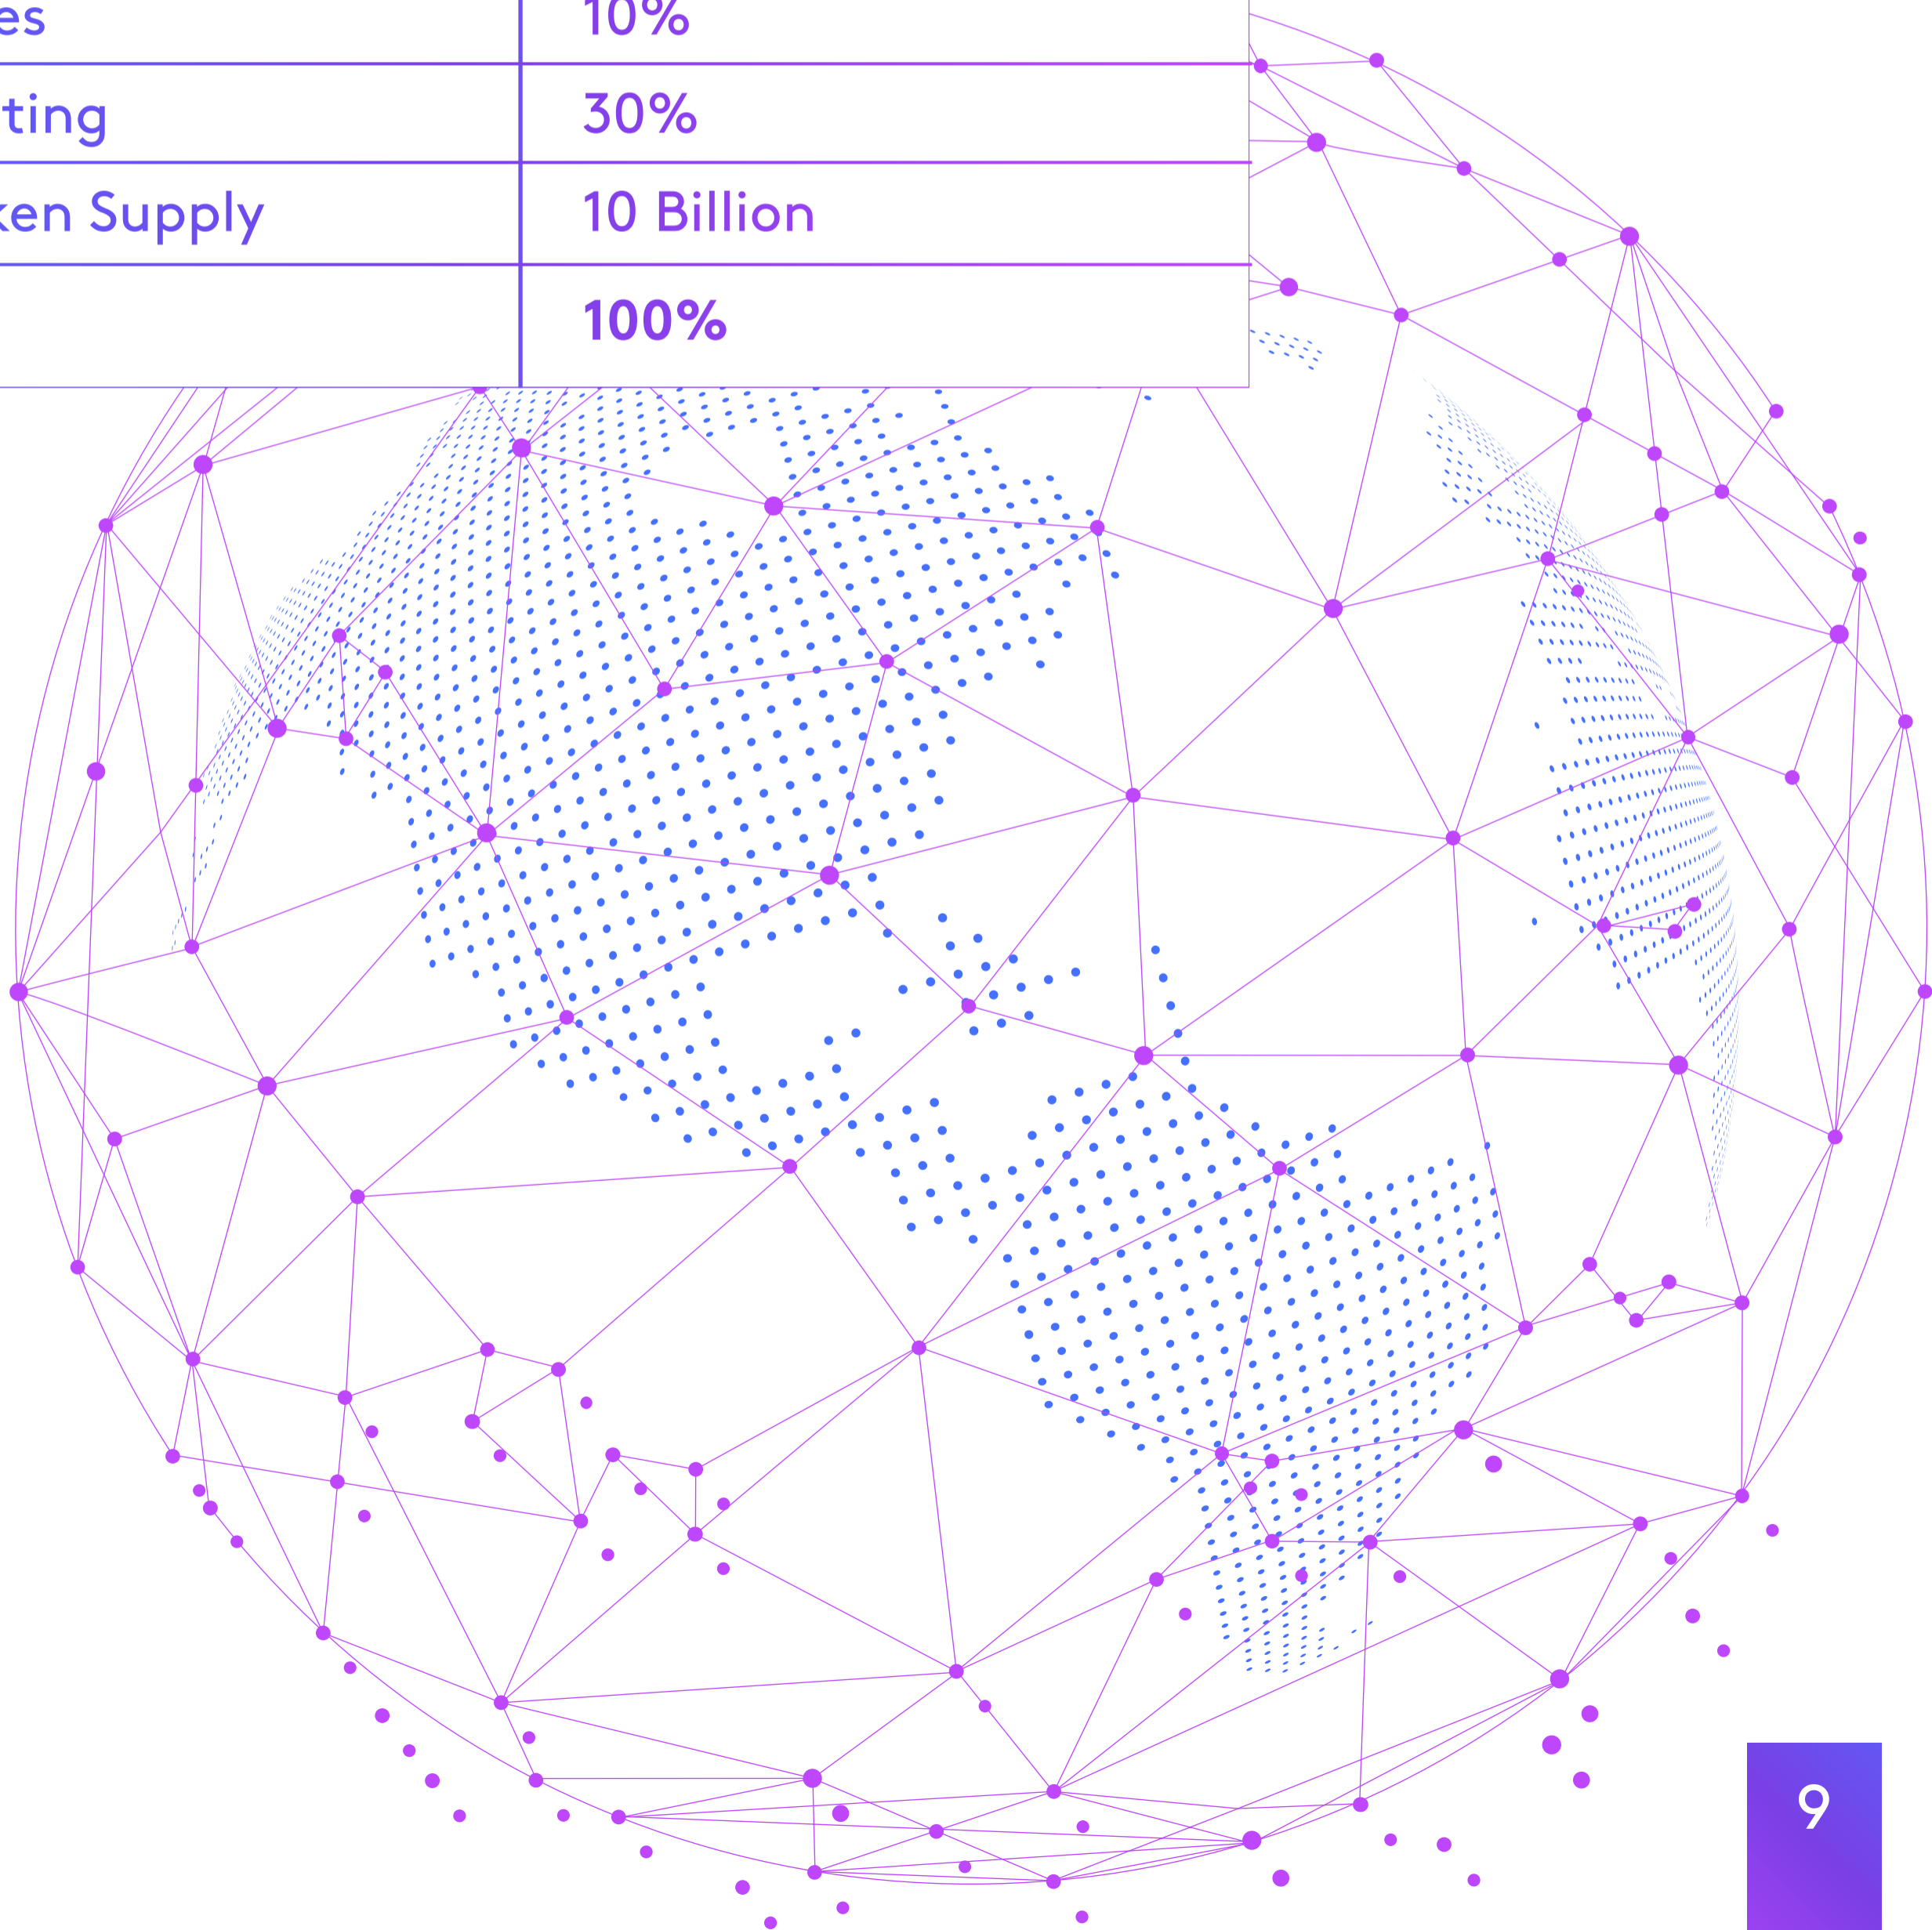

- Returns of **117% APR** & **218% APY** with Hyper-Compounding.
- **Guaranteed** weekly return.
- Team of **experts** working from around the world.
- A **skilfully** developed platform, with complex smart contract automation.
- By joining our program, not only are you guaranteed a weekly passive income and reward, but also that a percentage of your participation is donated directly to the **Ruby Family Foundation**.
- Our customer service agents are accessible everyday, **every day**.
- Highly **secured** platform, with 1000's of successful payouts.
- 100% **success** rate.
- **No Lock In period** at all. You are able to withdraw at any time.
- **KYC Secured**. Each partner must complete a full KYC approval prior to engaging.
- All permanent risk associated with pool management is **absorbed within the platform**, and not by the Liquidity Partner.

# Who Are We?

We are a **team** of crypto-loving and DeFi obsessed philanthropists, set to create the first fully transparent, self-sustainable and crypto centric ecosystem striving to fulfill a mission.

# Ruby Family Foundation

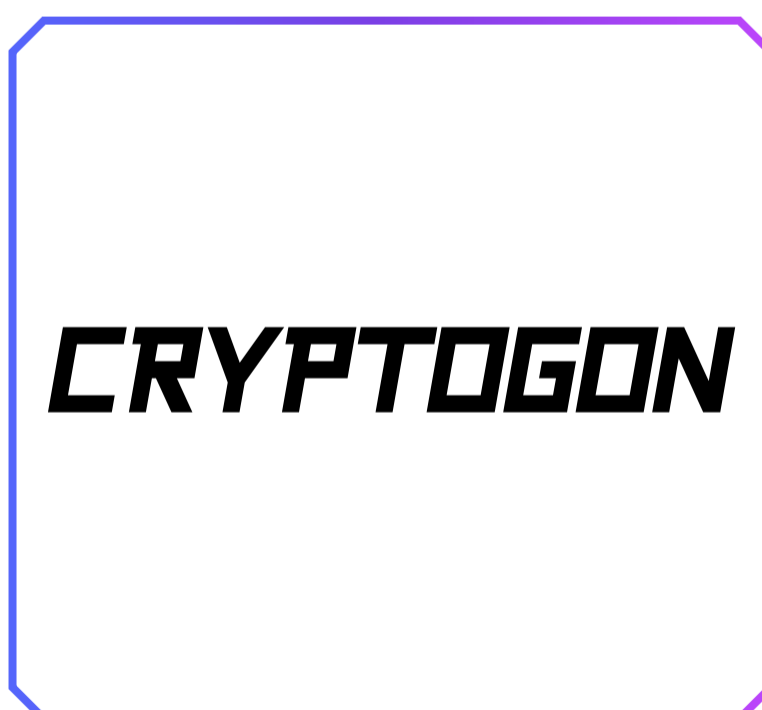

My Liquidity Partner is also linked directly to our **Ruby Family Foundation**, which is a fully transparent blockchain-based foundation wherein **100%** of its funds are only allocated towards its mission with global outreach programs for children and mothers.

By addressing the major issues of poverty and lack of essential needs including access to basic medical assistance, it is fully operational without the need for any donations and a unique blockchain voting protocol where the community is the voice
