## THE TOYOTA COASTER 23-SEATER BUS.

From its inception in 1969 – followed by second and third-generation models - the fourth-generation model is now sold in South Africa. It's time to get more space, value and people...moving.

The Coaster finds itself in the midi-bus category, making it bigger than a shuttle or your conventional mini-bus taxi. It's built to move large groups of people comfortably, whether it be school or tour groups. Passengers will enjoy more seating, space and utility while experiencing a ride that offers both comfort and convenience on the road.

**Model Line-up:** 4.0D STD 5MT | 2.8D GL 6AT

**MODEL SHOWN:** 2.8D GL 6AT & 4.0D STD 5MT

# MORE EXTERIOR

**SLEEK AND CONTEMPORARY, THE COASTER HAS BEEN DESIGNED TO EXPRESS BOTH A RIGID BODY STRUCTURE AND AN EXPANSIVE CABIN.**

The Coaster boasts a sleek and modern design. A bold line divides the exterior into a lower and upper body, with ubiquitous decals that are familiar to all South Africans, as well as luminous decals all around the vehicle.

The upper body has a modern and spacious cabin design, while the lower body accentuates the area around the 17.5" steel wheels with front and rear mudguards. Wide window frames, including the windshield and rear windows, allow for optimal visibility for all passengers, and large side mirrors support the driver's visibility.

At its sliding door, the Coaster has an entrance step made for easy access. It also features colour-coded front and rear bumpers accentuated by LED\* headlamps with headlamp levelling.

*\*Available on selected models.*

**MODEL SHOWN: 2.8D GL 6AT**

# MORE INTERIOR

Inside, the cabin area offers more comfort and space. Passengers can relax in large seats, with air-conditioning vents and heating from above. The 23-seating configuration, available in either PVC\* or fabric\* seat trim, ensures maximum seating capacity without compromising individual passenger comfort. Passengers and drivers alike can enjoy the Display Audio\* system with Bluetooth\* connectivity, 4 speakers, auxiliary input\*, one Type-A USB on both models, and six Type-C USBs on 2.8D GL 6AT.

The cockpit allows the driver to focus purely on driving, with a widened windshield to expand the field of view. Switches and storage compartments are optimally placed within easy reach, to further promote a safer and more tranquil voyage.

All new Toyota vehicles now come fitted standard with a telematics device that opens up a whole new world of connected features. Upon dealer activation and registration to the MyToyota App, an array of smart connectivity, safety, and convenience features are enabled through your smartphone. The MyToyota App gives you more control of your driving experience and by giving you access to a range of never-seen-before personalised offerings and real-time, customisable vehicle features, including on-board Wi-Fi\*\*, roadside assistance, licence renewal and more.

*\*Available on selected models*

*\*\*25GB Free data once-off upon activation.*

*Ts & Cs Apply. Wi-Fi available in South Africa only.*

MODEL SHOWN: 2.8D GL 6AT

**THERE ARE A NUMBER OF FUNCTIONAL STORAGE COMPARTMENTS IN BOTH THE COCKPIT AND THE CABIN AREA.**

The luggage bay has been redesigned to optimise space and provide passengers with plenty of room to neatly stow away bags overhead, to avoid keeping baggage on the floor.

# MORE CAPABILITY

The Coaster 4.0ℓ boasts a diesel, common rail engine and a Variable Nozzle Turbo (VNT) for lower emissions, uncompromised power and fuel efficiency. Enjoy power of 100 kW @ 3 000 r/min and torque of 353 Nm @ 1 600 r/min in the 5-speed manual transmission model.

The 6-speed automatic GL model is equipped with power of 110 kW @ 2 500 r/min and torque of 420 Nm @ 1 400 r/min.

The Coaster is equipped with power steering which allows you to steer the vehicle with less effort and greater comfort, while the Coaster's turning circle of 6.5 m ensures easy manoeuvring on both models.

The Coaster's body structure has been optimally designed to achieve a high level of rigidity, but this benefit is not at the sacrifice of the ride comfort.

The front has been fitted with a double-wishbone suspension, and the rear is fitted with a leaf spring suspension. By giving greater control to the driver, this advanced suspension keeps the journey smooth and passengers happy.

MODEL SHOWN: 2.8D GL 6AT

# MORE SAFETY

3-Point ELR Seatbelts are available on all seats to promote peace of mind for everyone on board. And driver and front passenger airbags are standard. There are emergency exits all-round and a speed limiter at 100 km keeping the driver in control at all times, and the passengers safe.

Anti-lock Braking System (ABS) helps to keep the driver in control and bring the Coaster to a stop, in time and safely.

Brake-Assist (BA) is the pre-emptive identification of an emergency braking situation through which additional braking force is automatically applied to reduce the braking distance.

Electronic Brake-force Distribution (EBD) is a further evolution of ABS, individually distributing braking force to each corner to allow for variances in weight distribution and tyre grip under braking, to increase stability, stopping distance, and vehicle control.

The Coaster is equipped with Hill-Assist Control (HAC), which automatically activates whenever a gradient is detected, preventing the vehicle from rolling, as well as, Vehicle-Stability Control (VSC) which increases the stability of the vehicle while turning.

# TOYOTA ENVIRONMENTAL CHALLENGE 2050

AT TOYOTA, CREATING TECHNOLOGICALLY ADVANCED VEHICLES ISN'T OUR ONLY PRIORITY; WE'RE COMMITTED TO LOWERING OUR ENVIRONMENTAL IMPACT THROUGHOUT OUR ENTIRE PRODUCTION PROCESS. HOW? BY SETTING OURSELVES SIX CHALLENGES THAT WILL SEE US REACH A TRULY WORLD-CHANGING GOAL - A POSITIVE ENVIRONMENTAL IMPACT BY 2050.

The message is clear – Toyota Motor Corporation (TMC) wholeheartedly supports the Paris Agreement and accepts the challenge to achieve carbon neutrality by 2050. The Paris Agreement is a legally-binding international treaty on climate change and is aimed at reducing the emission of gases that contribute to global warming. While this treaty was only adopted in 2015, Toyota has been innovating and investing in technology to reduce emissions and achieve carbon neutrality for well over 30 years. Toyota has also led the way with more electrified vehicles on the road than any other automaker.

THE TOYOTA COASTER HAS BEEN MANUFACTURED TO MINIMISE ITS CARBON FOOTPRINT.

Guided by the goals of the Toyota Environmental Challenge 2050, as little impact as possible is made on the environment during each step of the process. From design to manufacturing, to end-of-life recycling programmes, our planet always comes first. This is because the ultimate long-term goal for Toyota is to make all our vehicles as environmentally friendly as possible. With this in mind, the entire Coaster range has been designed to have very low CO<sub>2</sub> emissions.

## CHALLENGE 1

### NEW VEHICLE ZERO CO<sub>2</sub> EMISSIONS CHALLENGE

By owning a Toyota you would be contributing to the reduction of vehicle CO<sub>2</sub> emissions by 90% in 2050 as opposed to 2010. You will help us promote the development of next-generation vehicles and further accelerate the spread of these vehicles.

## CHALLENGE 2

### LIFE CYCLE ZERO CO<sub>2</sub> EMISSIONS CHALLENGE

You are lending a helping hand to Toyota's efforts to reduce to zero not only CO<sub>2</sub> emissions produced in travelling and manufacturing, but all CO<sub>2</sub> emissions including the process of materials production, disposal and recycling of vehicles.

## CHALLENGE 3

### PLANT ZERO CO<sub>2</sub> EMISSIONS CHALLENGE

You uphold the two main pillars of our strategy to achieve zero CO<sub>2</sub> emissions at our plants which are:  
1. Developing and introducing low-CO<sub>2</sub> technologies with ongoing kaizen.  
2. Adopting renewable energy sources and utilising hydrogen energy.

## CHALLENGE 4

### CHALLENGE OF MINIMISING AND OPTIMISING WATER USAGE

In automobile manufacturing, we use water in painting, forging and other processes. Therefore, even a small reduction of its impact on the water environment is important. We have two measures to achieve this - comprehensive reduction of the amount of water used and comprehensive purification of the water and returning it to the earth.

## CHALLENGE 5

### CHALLENGE OF ESTABLISHING A RECYCLING-BASED SOCIETY AND SYSTEMS

You have contributed to our 40 years on the challenge of resource recycling. Going forward, by rolling out to the world the technology and systems evolved in Japan, we will all continue working on the challenge of establishing a recycling-based society.

## CHALLENGE 6

### CHALLENGE OF ESTABLISHING A FUTURE SOCIETY IN HARMONY WITH NATURE

Here at Toyota we have engaged in planting trees at our plants and environmental conservation activities in our surrounding areas. To establish a society where humans and nature coexist in harmony, we are promoting several activities to connect regions, the world and the future.

## GET CONNECTED WITH MyTOYOTA

IN-CAR WI-FI, ROADSIDE ASSISTANCE AND MUCH MORE

All Toyota vehicles can now be connected to the MyToyota App on your mobile phone, giving you more control of your driving experience and opening up a whole new world of personalised offerings and customisable features, so that you can enjoy:

- IN-CAR WI-FI\***  
Connect to Wi-Fi
- GPS LOCATOR**  
Always know your vehicle's GPS location
- LOGBOOK**  
Have access to a digital logbook
- DRIVER NOTIFICATIONS**  
Important reminders like licence renewal
- BATTERY HEALTH CHECK**  
Check your battery health
- SERVICE BOOKING**  
Manage your services
- ROADSIDE ASSISTANCE**  
Get real-time roadside assistance
- DRIVER RATING**  
Receive a driver rating
- FLEET MANAGEMENT**  
Monitor your fleet
- LICENCE RENEWAL**  
Renew from the App

**AND MORE** - The above features are not all; there are loads of other features available to further enhance driver and guest safety, convenience and comfort; and plenty more to come to make your drive experience better and better with every kilometre.

**DOWNLOAD THE APP AND GET CONNECTED TODAY**

Toyota vehicles are known for their Quality, Durability and Reliability. Keeping your Toyota Genuine means no compromises in terms of safety, performance and resale value. The range of Genuine Products and Approved Services will ensure complete peace of mind throughout the ownership journey and beyond. For more information on how to Keep Your Toyota Genuine visit [www.toyota.co.za/owners/genuine-parts](http://www.toyota.co.za/owners/genuine-parts)

## TOYOTA GENUINE PRODUCTS

For guaranteed fit and function, **Genuine Parts** are essential in maintaining the safety and reliability of your vehicle. They also comply with all safety, regulatory and environmental requirements, making it the obvious choice. The same exacting precision applies to **Toyota Accessories**, developed by engineers with extensive knowledge on vehicle integration - you can enhance the appeal and functionality of your Coaster without compromising its safety features or warranty. Warranties are about peace of mind, and the **Genuine Unlimited Warranty** is designed to provide superior cover (up to 10 years, unlimited mileage) and a seamless claims process thanks to full integration with Toyota systems. The **Genuine Extended Service Plan** also enjoys exclusive approval by Toyota SA and provides flexible extension options up to 10 years or 300 000 km to suit your period of ownership. Paying today's rates for tomorrow's maintenance is a sensible way to protect the resale value of your Coaster by means of a full service history.

## TOYOTA APPROVED SERVICES

Specialised vehicle maintenance requires first-class facilities, advanced equipment and expert knowledge. **Toyota Quality Service and Value Service** not only promise accurate diagnosis and repair, but also a philosophy of building trust through a genuine concern for the needs of our customers. To complement the extensive network of Toyota dealers, we have a vast number of **Accredited Body and Paint Repairers**, selected on stringent criteria to ensure outstanding workmanship and customer service. You can maintain your vehicle's pristine condition without compromising its warranty thanks to the exclusive use of Genuine Parts by our Accredited Repairers. Offering 24-hour access to a full complement of assistance and recovery benefits, **Toyota Roadside Assistance** provides the peace of mind that competent support is only a phone call away.

# TOYOTA GENUINE MEANS

✓ UNCOMPROMISED SAFETY ✓ GUARANTEED QUALITY ✓ PEACE OF MIND

## TOYOTA FINANCIAL SERVICES

There is no 'one-size-fits-all' when it comes to vehicle finance and insurance, there is only you. With fast, flexible and convenient services we will structure the perfect Coaster deal for you.

At Toyota Financial Services, we believe that purchasing your Toyota should be as enjoyable as driving it. Toyota Financial Services is the fast, flexible and convenient means of financing your Coaster. We have created a range of finance products that suit both private and business customers, easily accessible through your local Toyota dealer. We take the hassle out of arranging finance. Toyota Financial Services (South Africa) Ltd is an authorised Financial Services (FSP No. 7454) and Registered Credit Provider (NCRCP62).
