

Health and Safety Policy

Vision

To create and operate in a safe environment for the employees and clients of Cotton Innovations Ltd to ensure that everyone's safety is paramount in all we do.

Aim

When working with the client

To comply with the clients Health and Safety objectives of each site.

With respect to the legal responsibilities

To comply with written law and act with the spirit of the law regarding Health and Safety

For Cotton Innovations Ltd employees

To maintain the highest standards of Health and Safety at all times

Deployment

Any personal protection equipment (PPE) provided and used by Cotton Innovations employees will be of a suitable standard and to the appropriate level health and safety required by the client.

Cotton Innovation employees will wear any additional PPE provided by the client and comply with the Health and Safety restrictions on the client site. This will include arranging to meet the client employees away from hazardous machinery and will not enter areas of notable risk without first seeking advisement and a suitable escort.

Cotton Innovations employees will not engage themselves or others during the working periods, and will report any hazards to the appropriate bodies for action
