WEDDINGS & ELOPEMENTS – ADD-ONS

Officiant + Second Shooter

\$650

2 & 4-hour collections

Have your ceremony officiated and beautifully documented from two angles at once — I'll perform your ceremony while a second photographer captures the vow exchange.

Second Shooter Only

\$400

2 & 4-hour collections

Already have an officiant? Add a second photographer to capture additional angles and candid moments throughout your coverage.

Officiant Only

\$250

Any collection

Add officiant services to have your ceremony legally performed, without needing a second photographer.

Please note: at the 2 & 4-hour collections, this means your vow and ring exchange won't be captured live, since I can't officiate and photograph the same moment at once. Choose Officiant + Second Shooter if you want that moment documented.

Additional Hour of Coverage

\$650

Any collection

Extend your day for more time to celebrate, explore, and capture.
