JANUARY 2024 - ADVENTURE AWAITS

Happy New Year from your LEAPS Peeps! Welcome to the year 2024 where adventure awaits those willing to engage. Merriam Webster defines adventure as "the encountering of risks; an enterprise involving financial risk; an exciting or remarkable experience." The New Year is marked by the making of resolutions which, let's be honest, are usually less than thrilling as much as they typically involve hard work and efforts towards projects we have put off for several previous new year's. But what if this year we resolved to look for the adventure? What exciting or remarkable opportunities might your business happen upon this year? What changes or risks have you been putting off out of fear or pressure? Might 2024 hold more for the entrepreneur than untasted triumphs and unattainable goals? Perspective is everything. How we view the upcoming year will determine what we as business owners and individuals get out of it. "The only limit to our realization of tomorrow will be our doubts of today." (Franklin D. Roosevelt). "Life is 10 percent what you make it and 90 percent how you take it." (Irving Berlin).
