

LEAPS Accounting Service

It's more than just paperwork, it's a partnership!

APRIL 2026 - RENEWAL

As we begin the second quarter of 2026, LEAPS Accounting Service wants to say how much we appreciate your continued partnership. We are grateful that you chose LEAPS for all your accounting needs.

To all our clients who came to the client appreciation luncheon in December, thank you! You all made that day very special for LEAPS.

Spring brings with it a sense of renewal – a time when nature gets a new start. So, why not humanity? We use this time of year for “spring cleaning” of our closets, cabinets, and drawers. But maybe we can extend that further this year into a renewal of other aspects of our lives and businesses.

Tech Recommendation

It's April. And while every tax accountant is currently relishing this time of year, most individuals and small business owners are dreading April 15. Tax time is typically fraught with the stress of deadlines, the endless search for misplaced paperwork, and the tenuous hope that something vitally important was not forgotten.

Below are some sites to assist with personal and small business tax preparation:

Book Recommendation

Sometimes, a well-written fiction novel can be just as profitable as a nonfiction book of business advice. *Moby Dick* by Herman Melville is more than just an adventure story of an obsessive sailor chasing a whale. It's a warning tale of bad leadership and its destructive effects on the crew (or employees). Definitely worth a read for any business leader!

Random Recommendation

Whether you are a coffee or tea drinker, coffee shops all over the valley offer a myriad options for the discerning palette. For the tea drinker, the London Fog is a popular choice for a hot sweet tea - it's an earl grey tea mixed with milk and vanilla, and sometimes lavender. If you're lucky, you can find an iced London Fog, sometimes called a London Rain. It is a light, refreshing drink for the hot days that are upon us. Try one!
