Transmitted via CCMS to Won Youngdeok (won.youngdeok@hyundai-electric.com)

Dear Won Youngdeok:

DOE has received your letter dated April 3, 2017, at CCMS number 114920, informing DOE that the company name "HYUNDAI HEAVY INDUSTRIES CO., LTD." has now changed to "HYUNDAI ELECTRIC & ENERGY SYSTEMS CO., LTD." DOE previously issued the Compliance Certification ("CC") number **CC038A** to HYUNDAI HEAVY INDUSTRIES CO., LTD. for use with electric motors branded as "HYUNDAI ELECTRIC & ENERGY SYSTEMS CO., LTD.," "CROWN TRITON" and "CROWN SIGNATURE."

To reflect the corporate name change, DOE re-issues CC Number **CC038A** to "HYUNDAI ELECTRIC & ENERGY SYSTEMS CO., LTD."

Under the provisions of 10 C.F.R. § 431.31, the CC number **CC038A** is to be displayed on the permanent nameplate and disclosed in marketing materials of all basic models of electric motors certified under this CC number and branded as "HYUNDAI ELECTRIC & ENERGY SYSTEMS CO., LTD.," "CROWN TRITON" and "CROWN SIGNATURE."

A Compliance Certification covers only the ratings certified for the current standards. You must submit a certification report for any basic model within a different rating prior to distribution in commerce and prior to using the CC number listed above on nameplates or marketing materials. If you have any questions concerning this matter, please contact me or Ms. Ashley Armstrong of my staff by e-mail at Ashley.Armstrong@ee.doe.gov.

Sincerely,

John Cymbalsky  
Program Manager  
Appliance and Equipment Standards  
Building Technologies Office  
United States Department of Energy
