

FoamBlast AF™

High Foaming Chlorinated Alkaline Parlor Cleaner

FoamBlast AF is a high-foaming, chlorinated alkaline-based cleaner designed for superior performance in parlors, at low dilution rates in various water conditions.

Features and Benefits

- **Increased Alkalinity & Chlorine**

FoamBlast AF has a powerful formulation that removes the soil from walls and floors.

- **Controlled pH**

Provides excellent removal of soil load without harm to surface areas in the parlor.

- **Easy to Mix**

Prepare solution as recommended with available soft or hard water.

- **Scrubbing Action**

During application, the foam penetrates soil, lifting and removing it with chemical balance. The process requires 2-5 minutes of contact time for best results.

- **100% Customer Satisfaction**

All GEA Farm Technologies hygiene products have a 100% Customer Satisfaction Guarantee.

FoamBlast AF™

High Foaming Chlorinated Alkaline Parlor Cleaner

Directions for Use

For cleaning parlor and holding area walls and surfaces:

1. Prepare solution using 1-2 ounces (30-60 ml) of FoamBlast AF per gallon (3.78 L) of water. Higher use dilutions may be required dependent upon amount of soil to be removed and foam level desired.
2. Apply this mixture, using foaming equipment, to surfaces to be cleaned.
3. Adjust foam consistency as required.
4. After 2-5 minutes contact time, remove foam and soil with pressure washer.
5. Repeat as necessary.

If frozen, separation may occur. Thaw completely and mix thoroughly before use. Store this product in a cool, dry area, away from direct sunlight and heat to avoid deterioration. Keep containers closed to prevent contamination of this product.

CAUTION: Wear eye-protective goggles, face shield and gloves when using the foam machine and high-pressure washer.

Product Properties

Appearance:	Clear to hazy light yellow liquid
Odor:	Chlorine
pH:	>12 (1 oz./gal. water)
Specific Gravity at 77°F (25°C):	1.16 (water = 1)
Available Chlorine:	1.8%
Foaming Ability:	Excellent
Rinsibility:	Free rinsing
Solubility in Water:	Complete at recommended use dilutions
