

As most of you are aware, Comcast (through an original contract with the developer of Cape Haze Resort ) has been providing a basic digital television service to all 144 units in our development. A portion of your quarterly HOA goes towards the payment of this service. As well, many unit owners pay Comcast and other service providers to provide additional services (telephone, internet, HD and upgraded television packages) at various pricing packages.

All good (!) things must come to an end....

In August of this year, we will begin negotiations with Comcast and other service providers to design a bulk rate service package that will effectively meet the current and -more importantly- the **future needs** of the Cape Haze Resort community, and **reduce the aggregate costs to all unit owners**.

To help build our community profile, we need your help by answering the following questions regarding your unit number ( #\_\_\_\_\_ ) at Cape Haze Resort:

- a) Who is your current service provider for television?  
[ ] Comcast [ ] other:\_\_\_\_\_
  
- b) Do you have HD (high definition) television?  
[ ] yes [ ] no
  
- c) Who is your current service provider for internet?  
[ ] Comcast [ ] other:\_\_\_\_\_
  
- d) Do you have high speed internet?  
[ ] yes [ ] no
  
- e) Do you have a land line telephone?  
[ ] yes [ ] no

Additional comments?

We value your input - Thank You!
