24	Ionian Green
25	Saddle Brown

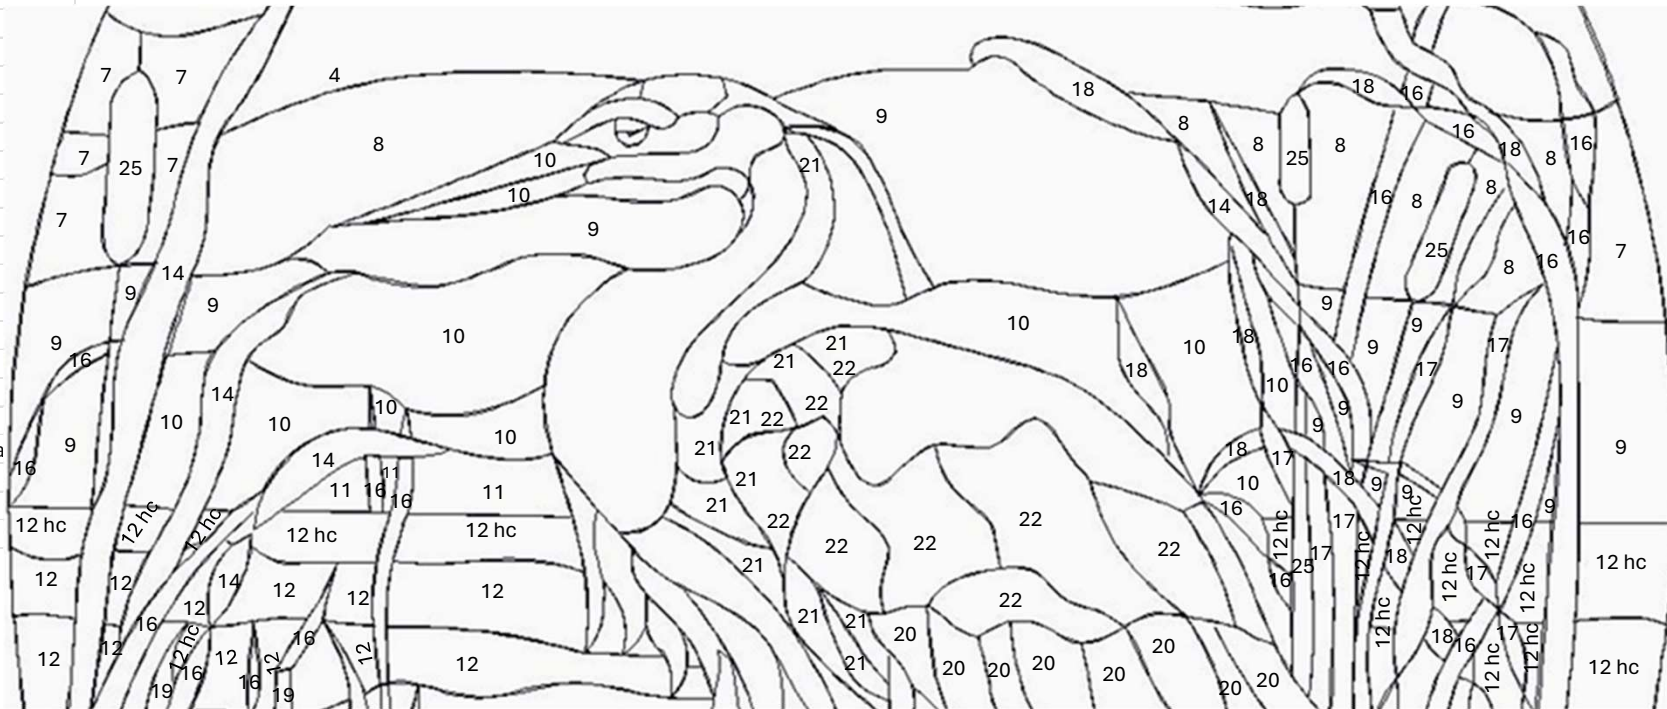

The color codes above represent the coloring Scheme on the white background. The other Color scheme was done with fabric markers. Most of my students preferred the color Scheme done with inktense pencils so that is What is provided in these color instructions.

Also please note that there are a lot of tiny bits and Pieces to color. Where I was able I have placed numbers In the area. If there is no number, please use your best Judgment as to the appropriate color.

22/12 lc – this code means to
 Color with 22 first then overcolor
 With 12 both lightly colored
 Then blend with fabric medium. Other
 Color combinations should be done the same
