## My Sewing Time Color Charts

| Inktnense Colors used                 |                |
|---------------------------------------|----------------|
|                                       | Mango or       |
| 1                                     | Golden Yellow  |
| 2                                     | Tangerine      |
|                                       | Amethyst or    |
| 3                                     | Mauve          |
| 4                                     | Violet         |
|                                       | Malibu or Dark |
| 5                                     | Aquamarine     |
|                                       | Sugar Plum or  |
| 6                                     | Fuchsia        |
| 7                                     | Poppy Red      |
|                                       | Natural Brown  |
| 8                                     | or Willow      |
|                                       | Storm Dust or  |
|                                       | Lt Charcoal    |
| 9                                     | Gray           |
| 10                                    | Charcoal Gray  |
|                                       | Mint Leaf or   |
| 11                                    | Apple Green    |
|                                       |                |
|                                       |                |
|                                       |                |
| Optional: Unicorn Spit Golden Gosling |                |

### Notes:

1. Make a paint of #1 to color cat body.
2. Use #2 strictly as an outline as seen in colored picture.
3. Make a paint of #10 for sewing machine.
4. Color the tops & bottoms of spools with #8
5. Unicorn Spit was used to sparkle the cat's Body but any glitter paint can be used.

Alternatively, fabric markers can be used as this is A very easy pattern to color – there is little shading.
