EDUCATION

M.S., Mechanical Engineering — New York Institute of Technology

B.S., Mechanical Engineering Technology — New York City College of Technology, CUNY

A.A.S., Applied Science — New York City College of Technology, CUNY

WORK EXPERIENCE

Senior Energy & Backflow Project Manager — ReDocs, New York, NY

Jan 2026 – Present

- Managed energy compliance for over 1,000 NYC properties under Local Law 97 (Articles 320 and 321), LL87, and LL88, filing directly through the NYC BEAM platform and DOB NOW.
- Filed LL97 Article 320 affidavits, collected letters of authorization for ENERGY STAR Portfolio Manager benchmarking, and processed EERs and EERCs for DOB submission.
- Launched the firm's backflow prevention service line from zero, building every workflow, scope of work, inspection checklist, and filing template required for NYC DEP compliance.
- Ran DEP backflow operations end to end across annual test reports, device registrations, and NOV responses, training licensed plumbing inspectors on RPZ, DCVA, and PVB testing citywide.
- Led a team of 3 building inspectors, 3 field engineers, 1 Plumbing Apprentice and 1 Scheduler, assigning sites and enforcing quality oversight across concurrent compliance workflows.
- Served as primary client contact on compliance matters, delivering status updates and remediation timelines that kept property owners ahead of filing deadlines and clear of penalties.

Lead Field Engineer — ReDocs, New York, NY

Jun 2024 – Dec 2025

- Surveyed residential and commercial buildings citywide, documenting parapets, chimneys, roof doors, and fire escapes, and produced architectural drawings in ArcSite.
- Conducted onsite inspections supporting LL87 energy audits and retrocommissioning, LL88 lighting and submetering upgrades, and LL97 emissions reduction initiatives.
- Partnered with building management and third party vendors to implement energy savings measures.

Telephone Operator, Cadet Corps — New York Police Department, Staten Island, NY

Jan 2023 – Jun 2024

- Processed civilian reports for harassment and vehicle accidents and maintained accurate case records in Excel.

Store Manager — New Way Deli / New Blondie 3 Corp, New York, NY

2017 – Present

- Managed daily operations at two retail locations, covering inventory, POS transactions, staffing, and customer service.

IT Support Specialist Intern — NYC Department of Education, Staten Island, NY

May 2016 – May 2019

- Implemented a mobile device management program for Apple devices and laptops, cutting product errors 75% through written quality guidelines and inventory tracking.
