

## **EXPERIENCED SECURITY & FIRE ENGINEER**

Hades Fire Protection is an NSI Security and Fire BAFE company based in Faversham, Kent. We are looking for an experienced **Security Engineer preferably with experience of Fire Alarms** to join our team on a permanent basis for work in Kent.

**Salary:** Competitive & negotiable dependent on experience

**Experience required:** 5 years plus. We are looking for a competent engineer with a proven track record installing and commissioning CCTV, Access Control and Intruder Alarms and some Fire in both commercial and domestic properties.

**Ideally we are looking for a multi-skilled engineer in both fire and security but would consider candidates strong in one area who are willing to expand their existing knowledge and would provide training as part of employment.**

### **Skills & Qualifications:**

- Experience with leading security systems used in UK, eg Honeywell, Paxton, Risco, Pyronix and Hikvision etc
- Fire Alarm Level 3 Fire Detection and Alarm Qualification and / or NSI Security or be prepared to achieve this during employment
- Evidence of Manufacturer Training
- ECS card or equivalent
- Valid driving licence

### **Role:**

- Installation, testing and commissioning of security & fire systems following industry standards & regulations
- Troubleshoot and fault diagnosis and repair
- Technical support to customers as needed
- Scheduled Maintenance of systems
- On-call one week / month – paid standby and if called out
- Follow company policies, procedures and RAMS & complete paperwork
- Monday – Friday: 8am-5pm

### **Training & Benefits:**

- H&S (IPAF, Asbestos etc) and Manufacturer training plus support to complete FIA and NSI qualifications where required
- Travel included with company van & fuel card
- Overtime available & project related bonuses
- Company phone, laptop & branded clothing
- Company pension

We aim to be an equal opportunities employer and welcome applications from all sections of the community.

As a BAFE & NSI accredited company, all our employees are required to complete security screening to BS7858 as a condition of employment, which includes DBS and Barring checks.

**If you are passionate about security solutions and want to develop your skills in fire alarms whilst being part of a growing, innovative team, apply today.**
