

Consent and Release Agreement for Permanent Makeup

Procedure being performed today: _____

Please read and initial each of the statements below:

____ I certify I am over the age of 18.

____ I have been informed of the nature, risks, and possible complications and consequences of permanent makeup. I understand the permanent cosmetic procedure carries with it known and unknown complications and consequences associated with this type of cosmetic procedure, including but not limited to: temporary minor bleeding, bruising of skin surfaces, swelling, redness, temporary discoloration, infection, scarring, inconsistent color, and spreading, fanning or fading of pigments.

____ I understand that corneal abrasions are a rare side effect, especially if I rub or scratch my eyes or apply contacts too soon after any eyeliner procedure. I understand the actual color of the pigment may be modified slightly, due to the tone and color of my skin. I fully understand this is a tattoo process and therefore not an exact science, but an art. I request the permanent cosmetic procedure/s, and accept the permanence of the procedure as well as the possible complications and consequences of the said procedure/s.

____ I certify that I am not under the influence of drugs or alcohol, I am not pregnant or nursing, and I consent to have the micropigmentation or permanent cosmetic procedure listed above performed today. The general nature of cosmetic tattooing as well as the specific procedure to be performed has been explained to me.

____ I understand that there is a certain level of discomfort associated with the procedure and that each person has their own threshold level for discomfort. Upon consent, my technician may apply topical anesthetics to alleviate discomfort. I understand there is a small chance of allergic reaction to topical anesthetics.

____ I understand that any skin treatments (Retin A, Renova, Alpha Hydroxy and Glycolic Acids, laser hair removal, plastic surgery, or other skin altering procedures) may result in adverse changes to my permanent makeup.

____ I understand that sun, tanning beds, pools, some skin care products and medications can affect my permanent makeup.

____ I understand that successful color saturation can NOT be guaranteed due to hidden scar tissue. I acknowledge that the proposed procedure(s) involve risks inherent in the procedure and have possibilities of complications during and/or following the procedures such as: infection, poor color retention and hyper-pigmentation.

____ I understand that implanted pigment color can slightly change in color or in shape and fade over time due to circumstances beyond my artist control. I will need to maintain the color with future applications at my own expense.

____ I accept the responsibility of explaining to my technician my desire for specific colors, shapes, and positioning for any procedure done today.

____ I understand that after my service, there will be no refunds. No exceptions.

____ I understand that my technician only utilizes sterilized, disposable equipment to minimize the risk of infection or contamination and that my technician has received training in appropriate sanitation and hygiene techniques prior to performing any procedures. While the risk of infection from our procedures is extremely small, the possibility of such an occurrence cannot be totally prevented. Accordingly, I understand and accept the risk and releases my technician and the spa from any and all liability related to the subject procedure, except instances involving gross negligence.

____ If I have any signs and symptoms of infections I will seek medical care. Signs of infection include but are not limited to: redness, swelling, tenderness of the procedure site, red streak going from procedure site towards the heart, elevated temperature, or drainage from the procedure site.

____ I grant permission to _____, to take and use: photographs and/or digital images of me for use in news releases, educational materials and/or social media platforms including but not limited to Instagram, Facebook, Twitter, Tic Toc, and Pinterest.

____ I acknowledge that this procedure may alter my appearance and that no representations have been made to me as to remove my permanent makeup.

____ To my knowledge I do not have a physical, mental, medical impairment or disability which might affect my well-being as a direct or indirect result of my decision to have permanent makeup.

____ If a dispute arises out of or relates to this contract, or the alleged breach thereof, and if the dispute is not settled through negotiation, the parties agree first to try in good faith to settle the dispute by mediation within 30 days before resorting to arbitration, litigation, or some other dispute resolution procedure.

____ I understand that there is a possibility of an allergic reaction to the pigments, anesthetic or ointments used. I acknowledge it is not reasonably possible for my technician to determine whether I might have an allergic reaction to the pigments, anesthetic, or ointment used in this process. A patch test is advisable however it does not ensure I will not have an allergic reaction. If waived, I release the technician from liability if I develop an allergic reaction to the pigment.

Please initial one of the following:

____ I request a patch test, and I understand that a patch test result is not viewed by a medical professional unless I make arrangements to have this done myself. A non-reactive test skin test does not preclude an allergic reaction occurring at a future point in time.

____ I agree to forego a patch test and accept the risk that a reaction is possible.

____ I understand that tattoos may cause Magnetic Resonance Imaging (MRI) artifacts and that there may be a warming and/or tingling sensation in the areas where I received the permanent cosmetic procedure during the MRI due to the iron oxide properties of some pigments. I understand that I should advise my physician that I have permanent makeup (a tattoo) in the event I am in need of an MRI.

____ I understand that tattoo inks, dyes, and pigments have not been approved by the Food and Drug Administration (FDA) and that the health consequences of using these products are unknown.

____ I have received pre and post care instructions and I agree to follow them to the best of my ability.
