

Holiday Gifts for Veterans' Kids

The Tierney Center that serves Veterans has a need for the holidays. We have been supporting them with food which they greatly appreciate. When I spoke to our contact she said the food is gone almost as soon as I bring it to them.

They are now organizing a **holiday party** for the Veterans' families and are in need of **gifts for the children.**

They would love new craft items, toys for all ages as well as gift cards for stores such as Target where an older child can purchase something.

This is a wonderful way to give back. They are so appreciative and the children of these vets will enjoy a party of Santa, cookie decorating and take home a gift. Thank you for your support!
