

# RMV Information for Parents of Student Drivers

## What is my educational responsibility?

The RMV and your professional driving school want to ensure students receive the full benefit of their educational experience. The RMV is changing its policy on the timing of your participation in the Parent Education class. ***It is expected that parents will attend a Parent Education early in the student's education process. Students will not be allowed to start on-road training and/or observations until this class has been completed.***

## What kind of ID should my child apply for when applying for a permit?

| REAL ID Massachusetts Driver's License  |                                 | Standard Massachusetts Driver's License  |
