It's ACP Time!

Since 1845, Southern Baptist churches have submitted the Annual Church Profile (ACP) to share how God is working in and through their congregations. While participation has dropped in recent years, the ACP remains a vital tool for church health and cooperation.

Why your church's ACP matters:

It tracks spiritual health – Baptisms, worship attendance, giving, and Bible study involvement help measure where ministry is thriving or needs focus.

It helps with planning – Real numbers assist pastors in evaluating programs, staff, and outreach strategies.

It records your church's story – ACP data becomes part of the historical record and helps future leaders understand where the church has been.

It shows we're in this together – ACP reporting reflects our unity as cooperating churches in the Great Commission.

It guides convention-wide strategy – State and national SBC leaders rely on ACP data to know where to serve, support, and strengthen.

Let's not lose this opportunity to reflect what God is doing. Submit your church's ACP this year—it's more than a report; it's a testimony of Kingdom impact.

With joy and purpose, Brother Tim Bedsole
